GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From Surgeon-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Camp, Ootacamund, 10th August 1899, No. T-8/437.

I have the honour to state that in G.O., No. 814, Public, dated 15th June 1881, it was directed that Government servants considered unfit for further service, when sent to a medical officer for examination, should, in addition to the usual letter from the head of the department, be furnished with the descriptive roll for the purpose of identification.

2. In G.O., No. 450, Public, dated 26th March 1887, the provisions of this order were made applicable to all medical examinations for purposes connected with the public service, except those on applications for extension of sick leave.

3. Quite recently on my suggestion Government directed in G.O., No. 268, Public, dated 4th March 1899, that descriptive rolls should in future invariably contain information regarding the extent of service and previous sick leave of the applicants.

4. With a view therefore to ensure the submission of full, accurate and uniform descriptive rolls, I have drawn up a form in which the letter and descriptive roll are combined and a copy of which I annex for the information of Government. Should Government approve of the same I request that it may be circulated to all heads of departments for adoption by them when sending public servants to medical officers for certificates of various kinds.
