ENCLOSURES.

B+C

In returning the enclosures, which accompanied Mr. Knapp's Endorsement Nos. 1225, 1541, dated 6<sup>th</sup> May and 9<sup>th</sup> June 1899, I have the honour to state that as an officer of ten years' experience of the district I am entirely opposed to the abolition of the police hospital at Ongole.

2. Nellore is situated very much to the south and east of the district and by no means occupies a central position. Police-men of the Ongole subdivision would experience great hardship if compelled to come to Nellore for the treatment whenever they fell sick. The distances are so great that a patient is left to

11 station

station dangerously ill would in all probability succumb to the fatigue of the journey before he reached his destination.

3. I enclose a list of police stations in the Ongole Subdivision showing the relative distances therefrom to Ongole and Nellore. The list speaks for itself. The East Coast railway only taps the country close to the sea and would be of little use to men serving in the Darsi, Podili and Kanigery divisions, who would have to march a number of miles before they could reach a railway station. Guinea-worm, a most <sup>painful</sup> ~~prevalent~~ complaint, is very prevalent in these three divisions, and the men serving there ought to have a hospital within comparatively easy reach of them.

4. A rough map of the Nellore District showing the position of each police station in the

Subdivision also accompanies this report.

I have the Honour to

Sir,

Your most obedt. servt.

A. No.

The Director of  
Public Instruction requests  
that the Police Hospital  
building at Ongole, may  
when it is vacated, be  
made over to his dept. for  
the use of the Govt. Training  
School in the locality,  
which is now urgently  
in need of better accom-  
modation.

2. The Surgeon Genl. to  
whom the question was  
referred, reports that  
the Police Hospital at Ongole  
may be abolished, as  
it is one of the institutions  
proposed to be done

away with, in para 2 (b)  
of his letter no. 432 dated  
6.11.97, and that the  
Police sick can be treated  
at the Mallon Police hospital,  
where sufficient accommodation  
is available.

3. The papers relating to  
the reorganisation of Police  
hospitals are lying over  
pending the appointment of  
a surgeon to Surgeon General  
Salathorne (please see the  
linked file). As stated  
by the Surgeon General, the hospital  
at Ongole is one of those  
which is proposed to  
close. The question is whether  
its immediate abolition may  
be ordered in advance of  
a settlement of the General  
question. There appears to  
be no objection to this  
being done, as the Surgeon General  
says that there is sufficient  
accommodation at Mallon  
for police sick from Ongole,  
and before orders are  
passed, it would be

1/18/98

meant to ask the I. Q.  
of Police if he agrees  
to the proposal.

Further note (Circular 2107)

The Acting I. Q. of  
Police, in reply to the request  
made to him, states that  
he is entirely opposed to  
the abolition of the Police  
Hospital at Balla Ongole,  
and shows that it would  
be a great hardship to  
sick Policemen of the  
Ongole sub. division, if  
they were compelled to  
go to Mallon for treat-  
ment.

2. In the Surgeon General's  
letter no. 432 dated 6.11.97,  
printed with G.O. no. 944  
Public dated 4.7.98, Ongole  
was named as one of the  
places from which it

would be impossible to  
send the sick into head-  
quarters, & at which a  
police ward attached to  
the local hospital or dispensary  
would be necessary, but  
it was also included in the  
same paragraph among the  
things at which police  
wards might be done away  
with altogether. <sup>to Mr.</sup>  
Hammond, <sup>in his</sup> endorsement  
printed with the same G.O.,  
said that he had gone  
through each point with  
the Surgeon Genl., & agreed  
with the proposals made.  
The As. Surg. Genl. now says  
that he speaks from personal  
experience of the district.

3. Orders are requested  
whether Mr. Sullivan's letter  
should be referred to the  
Surgeon Genl. for further  
remarks, or whether  
Mr. Sullivan's opinion  
should be accepted,  
& the Orizole police

hospital should continue  
to be maintained.

Orizole hospital could not  
be considered until the new  
railway was opened. The  
he now has done - Orizole is  
72 miles from Nellore  
Orizole has at present  
a separate police hospital  
with separate medical  
establishment. The hospital  
has or has had the average  
daily number of inpatients  
was in 1897-1898 only 3.64  
Mr. Sullivan's apprehension  
that <sup>such</sup> police should die  
before they reach Nellore  
seem hardly reasonable for  
the police used have the  
same right of access to

the Ongole Municipal Hospital  
as any new case, & cases  
which could not be moved  
far, need doubtless be taken  
there.

Order  
P.S.

The Govt. agrees  
with the Surgeon General  
that the Police Hospital  
at Ongole may be closed,  
& the Major General of Police  
will be requested to take  
the requisite action in  
the matter at an early  
date.

2. The objections of  
the acting Major General of  
Police to the abolition of  
the hospital are not  
convincing, and with  
regard to his apprehension  
that patients dangerously  
ill would succumb

to fatigue before they  
would believe (it is  
observed that sick police-  
men would have the  
same right of admission  
as other classes of patients,  
to the Ongole Municipal  
Hospital, & that cases  
which could not be  
moved to a distance  
could be taken there.

3. The Police hospital  
building at Ongole will,  
on its being vacated,  
be placed at the disposal  
of the Director of Public  
Instruction.

NOTE FOR THE Chief Secretary  
with reference to  
the Chief Secy's pencil  
note on the draft S.O.  
below, attention is  
invited to Section 125  
to 128 of Act IV of 1894 -  
municipal hospitals are  
intended for the sick poor  
of the Municipality, &  
persons who can afford  
it must pay for treatment  
under Sec. 128; the Municipality  
may permit the treatment  
in its hospital of  
persons who are not  
residents in the Municipality.  
Police sick taken to the  
Ongole Municipal hospital  
would have to pay for  
treatment, as they cannot  
be classed as poor.

2. There is a statement  
from the L. & M. Dept. that  
the Ongole Municipality, in  
common with other Municipalities  
have joined a central body  
for the purpose of the Act, & a  
requirement of a copy of

rules is submitted for  
signature - the papers will  
have to be obtained from  
Monsieur Lecomte.

Cs  
17.5.55 -

For the under say: A copy  
of the rules framed by the  
Ongole Municipal Council  
under Sec. 127 of the Act has  
now been obtained (Peg B)  
Sick Police from within the  
municipality would apparently  
have to pay for treatment, unless  
they agreed to abide their turn,  
& those from without the munici-  
pality would have no right  
of treatment. If the Police  
Hospital at Ongole is closed,  
it will apparently be  
necessary to establish a  
Police ward in the municipal  
hospital.

Cs  
30.5.55 Cs. The Municipality  
receives aid from Govt. in the  
shape of a contribution of 1/8  
of the pay of its medical  
officers. This contribution

is paid to the

Sec 127 & 128 of the District  
Municipities Act relate  
this matter and Govt has  
undertaken to pay in this matter.

W. H. H.

is made on the understanding  
that Govt. servants will be  
treated at the Municipal  
Hospital. The police <sup>Ongole</sup> residents  
in the ~~district~~ municipality <sup>are</sup>  
to be entitled, equally with  
the Govt. servants, to ~~the~~ <sup>the</sup> hospital  
attendance. Govt. might, if  
it is thought necessary,  
undertake to pay the cost  
of medicines, as fixed in the  
rules at B. on.

As regards the few cases in  
which some cases might have  
to be detained at Ongole, it  
is submitted that the  
municipality <sup>in the case of private persons</sup> would not be  
held by Govt. to be justified  
in refusing admission to  
a serious case because the  
patient was not an inhabitant.  
It nearly happened to be  
happening that the Govt. The  
same argument would apply  
in the case of a sick  
policeman.

It is submitted that it is  
desirable to ascertain, in the

What are the views of the  
Anglo Municipal Council on  
the question of heating & cold  
water. The draft order before  
might be amended by the  
omission of para 2, & the  
addition of a fresh para.  
as follows:

"The objection of the  
Ang. M. C. of Police to the  
abolition of the hospital  
do not appear to be  
convincing. In the  
case of slight ailments  
police are stationed at  
~~the hospital~~  
equally may obtain treatment  
at the Municipal Hospital,  
~~which is equally well~~  
~~the hospital~~ the  
but in relation to the  
pay of Municipal Medical  
Officers being made on the  
understanding that all  
are served within the  
Municipality should be  
added to restriction. In  
the Municipality has also

I would much like the remarks in  
para 2. of the order about difficulties  
of Police reaching H. Quarters. How  
do they manage in Tenmaseley where  
there is only one hospital for the whole  
district? This is all rubbish. Nellore  
is a perfectly healthy district & the  
Police are perfectly well with one hospital

I do not for any fact believe that  
any order is necessary at all. I would  
simply close the Anglo Police Hospital &  
say nothing more. If a difficulty arises,  
it can be overcome. As a  
matter of fact in the District no difficulty  
arises. In Salem for instance, there is no  
Police Hospital at Tripattur, it was closed  
two years ago & nothing of any difficulty  
has been heard of. In Bellary, there is  
no P. Hospital at Adoni. There is no  
difficulty. Raywada has no Police  
Hospital. It was closed & there has been  
no difficulty. It is a very difficult  
question where to suggest any thing about  
pay wants at Bangalore. Then we find  
worn men get a pass & come in by train to  
Nellore. There are hospitals, & the de-congreg  
except in certain districts, & no facilities for  
afforded to the Police to go anywhere & get to quarters.

power under sec 128 of Act  
of 1884 to permit the  
restriction on the hospitals  
of patients not resident  
within Municipal limits.  
The Govt. will be prepared  
to pay from Provincial funds  
the cost of heating any  
premises from which  
patients come it may be  
found impossible or inconvenient  
to send to Nellore. The  
Anglo Municipal Council will  
be represented on the Local  
Dept. to take on the  
conditions in Hyderabad it  
is willing to increase the  
power conferred by sec 128  
of Act of 1884 in favour  
of extension of the police  
not resident in Bangalore.
