GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—again G.O., Routine No. 265, Educational, dated 12th July 1897, communicating G.O., No. 794, Public, dated 25th June 1897.

READ—also the following paper:—

Note by the Chief Engineer, Public Works Department, dated 25th September 1899, No. 1230-D.

A case has recently occurred in which a passed student of the College of Engineering, Madras, having been appointed to the upper subordinate establishment of the Public Works Department, after joining his appointment, had to travel from Markapur to Kurnool to obtain a medical certificate of fitness, the cost of the journey being Rs. 27-12-0. The claim to travelling allowance has been disallowed by the Examiner, Public Works Accounts, on the ground that there is "no rule" under which it can be passed.

2. In order to prevent future loss and hardship of this kind, the Chief Engineer would submit to Government the expediency of altering the present * rule under which medical certificates are exacted from students prior to entry on their college course. The rule in the Thomason

College at Roorkee is given in the accompanying copy of a circular from the Government of India, No. 1, dated 10th January 1898, and its adoption in this Presidency, in supersession of the existing rule, is recommended, i.e., that a student should be medically examined only on the completion of his college course, the certificate so obtained to have currency for 18 months.

(Signed) W. B. DEWINTON,
Chief Engineer.

ENCLOSURE.

CIRCULAR from the Government of India, Public Works Department (General), dated Calcutta, 10th January 1898, No. 1.

Production of Medical Certificates by students of the Thomason Civil Engineering College on first appointment to the Public Works Department.

In view of the fact that all students of the Thomason Civil Engineering College are examined medically by the Civil Surgeon on the completion of their college course, and that certificates in the form prescribed in article 61 of the Civil Service Regulations are granted to such of them as are found to be medically fit, the Government of India consider it unnecessary that any further certificates should be required of such students if they are permanently appointed to the Public Works Department within 18 months of the date of the medical certificate granted on completion of the college course.

(Signed) G. H. D. WALKER,
Under Secy. to the Govt. of India.

No. 1231-D.

Transferred to the Public Department.

(Signed) W. B. DEWINTON,
Secretary to Government.

25th September 1899.

ORDER—No. 716, Educational, dated 25th October 1899.

The Government considers that in future all students of the College of Engineering, Madras, shall be examined medically at the end of their college course, and that certificates of fitness for entering the Public Works Department shall be granted to such of them as are found medically fit. No further certificates shall be required of such students if they are permanently appointed to the Public Works Department within 18 months of the date of the certificate granted as above, on completion of the college course.

2. The Director of Public Instruction is requested to submit for approval a draft of the modification to be made in the rules of the college.
