Read—the following paper :—

From R. NATHAN, Esq., Under Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, 26th September 1899, No. 1632.

In continuation of the letter from this department, No. 1280, dated the 5th August last, I am directed to forward a copy of a correspondence with the Government of Bombay regarding the transmission to the Secretary of State of particulars regarding insane persons sent from India to England. I am to say that, if the Government of Madras are in the habit of sending the particulars direct to the Secretary of State before the despatch of the lunatic, the Government of India do not desire that this practice should be altered.

ENCLOSURES.

From the Acting Secretary to the Government of Bombay, General Department, to the Secretary to the Government of India, Home Department, dated Bombay Castle, 29th August 1899, No. 3807.

I am directed to acknowledge the receipt of your letter, No. 1281, dated the 5th August 1899, regarding the deportation of civil pauper lunatics from India, and to state that the instruction contained in paragraph 1 thereof will be attended to.

2. With reference to paragraph 2 of the letter, I am directed to observe that in accordance with paragraph 3 of Home Department Resolution No. 12—553—66, dated the 27th October 1886, referred to therein, it has been the practice of this Government hitherto to forward particulars of lunatics direct to the Secretary of State in anticipation of the departure of the insane persons. The orders require, however, that the actual date of embarkation should be communicated to the India Office, and it has been found that the necessary information has frequently not been received by this Government till some days after the lunatic's departure. If to this unavoidable delay is to be added the delay caused by sending the required information through the Government of India, it will, at times at any rate, be impossible to arrange at home for communication with the lunatic's friends. I am, therefore, to suggest, for the consideration of the Government of India, that the present practice by which this Government forward the necessary details direct to the Secretary of State may be adhered to.

From the Under Secretary to the Government of India, Home Department (Medical), to the Secretary to the Government of Bombay, General Department, dated Simla, 26th September 1899, No. 1631.

With reference to the correspondence ending with your letter, No. 3807, dated the 29th August 1899, I am directed to state that the Government of India do not desire to alter the existing practice under which the prescribed particulars regarding lunatics are sent direct to the Secretary of State by the Government of Bombay.

Order—Mis. No. 1197, Public, dated 21st October 1899.

The following reply will be despatched to the Government of India.

Letter—Mis. No. 1198, Public, dated Fort St. George, 21st October 1899, to the Under Secretary to the Government of India, Home Department.

With reference to Mr. Nathan's letter, No. 1632, Medical, dated the 26th September 1899, I am directed to state that since the receipt of Home Department Resolution No. 12—553—64, dated the 27th October 1886, no civil pauper lunatics

have been sent to England from Madras. I am, however, to say that in the event of such cases occurring, this Government considers it desirable that the particulars regarding lunatics should be despatched direct to the Secretary of State, and that with the permission of the Government of India, this course will be followed.
