found desirable to encourage in a special degree the learning of Uriya by officers stationed in Ganjam. The advisability of encouraging the study of Uriya has lately been recognised and in G.O. No. 1475 Pub. dated 11th of November 1897, this language was added to those which a junior Civilian might offer for the ~~higher~~ higher standard examination. It is submitted that in these circumstances it is unnecessary to apply to the special test the limitation imposed in the case of the High Proficiency Examination. At the same time it is for consideration whether it should not be ruled that, although an officer may appear for the special test before he has completed his standard examinations in all subjects, he should not appear for the special test, which carries with it a reward, until he has passed in his languages by both standards. This would prevent an officer from neglecting his compulsory languages in order to obtain the reward in Uriya. Mr. Paddison has already passed in Uriya by the higher standard and this limitation, if approved, would not affect him.

I fully agree. Govt. wants to encourage the study of Uriya.
Mk.

I would not impose the restriction. When an officer has the chance of learning Uriya let him take it. The passing of the higher standard has a special pecuniary stimulus of its own.
