Government Press,  
MINT BUILDINGS, MADRAS,  
4 February 1899

With reference to G. O. No. 33  
Public, dated 7<sup>th</sup> January 1899  
The Superintendent, Government  
Press, submits that in order  
to utilise the machine he  
has caused the broken frame  
to be repaired in the manner  
suggested by Messrs Harrold &  
by riveting on wrought iron  
plates so placed as not to  
interfere with the motions of  
the machine. It was the only  
way to repair the frame, as  
it was done as strongly as  
it was possible to do it in  
that manner. The pieces were  
fitted together exactly, and  
the machine has been working  
satisfactorily for the past  
two months.

Under the circumstances explained in the Director - General of Hoves letter No. 13248, dated 9<sup>th</sup> December,

to Government

Letter - No 189 of 14. 2. 99.

To the Director General of Mines,  
India Office, London.

16/2/99 *Li*

With reference to the  
Correspondence ending with  
your letter No S / 3248 d/ 9.12.99,  
regarding the breakage of the  
frame of a printing machine  
supplied to the Govt. Press,  
Madras, I am directed  
to state that the broken  
frame has been repaired.

in the manner suggested  
by Messrs. Hamild & Sons,  
and <sup>that</sup> the machine is  
reputed to be working  
satisfactorily.

2. I am therefore to request  
that the application for  
a new frame made  
in my letter N<sup>o</sup> 1336 d,  
3.11.98 may be considered  
as withdrawn.
