would prevent the

Supdt. from ever changing
a patient from a rice to
a ragi diet which would
cause considerable in-
convenience;

(2) that the necessity for the
Supdt. being vested with
the power to change a
diet whenever desirable
is in keeping with the orders
in G.O. No 1, Pub. dt/1/89 which

gives medical officers in
charge of Presidency ^{style} hospitals
full discretion over the
diets of their patients; and

(3) that even as regards
criminal hospitals in a
jail, the medical officer
is, according to rule 1024 of
the Jail Code, allowed
the discretion of changing
their diets; and

(4) that the present re-
commendation is partially
contemplated by rule 1024 of
part 1 of G.O. No 1292, dt/1/89
26.6.93 which prescribes
a revised diet scale for prisoners

in lunatic asylums in the case of patients.
19. 11. 1909.

It is submitted that a
hard & fast rule regarding
giving exactly the same
diet for persons of very
different physique & habits
is not desirable, & that
the Supdt. of a lunatic asylum
should be given discretionary
power to modify diets
if necessary, provided that
except in case of actual sickness
he does not exceed the
cost of the ordinary diet.
This discretionary power might,
if necessary, be limited by
a rule that it should be
confined to individual
cases, & that a Supdt.
wishing to make experiments
any change in diet which
would affect a large number
of patients should obtain
the previous approval of
the S. B.

Atk. I do not think it
18/2/99. necessary or indeed
desirable to limit
the matter round to much as
is proposed in the above
