F O R O R D E R S.

The A.G. forwards a copy of a letter from the District Medical & Sanitary Officer, Vizagapatam, requesting instructions about the pensionary contribution of Civil Apothecary C. Mangayya Naidu whose services have been placed by the Surgeon-General at the disposal of the Collector of the Vizianagaram zamindari for employment as medical officer of the Raja's hospital at that place, and states that if the deputation does not fall under art. 817 (i) of ^{the} C.S.R., sanction may be accorded for his formal transfer to Foreign service, and for the realization of the pensionary contribution under art. 806 of the C.S.R. The A.G. also adds that contribution is levied for pension in the case of other official lent to the estate.

2. On a previous occasion when the Surgeon-General applied for the sanction

sanction of Govt. to place the services of a Hospital Assistant at the disposal of the Zamindar of Kallikota in the Ganjam Dt., the Govt. declined to sanction the Surgeon-General's proposal. Attention is also solicited to the note for orders and to the Accountant-General's endorsement in that case.

G.O. No. 768/16-6-98.

In the present case a civil apothecary has apparently been transferred to foreign service. This should not have been done without the sanction of Govt. under article 808 of the G.O. No. 147, Public, d/ the 6th Feb. 1899, in which he mentioned that the loan of the services of medical subordinates to Local Fund and Municipal dispensaries is not in this Presy. regarded as foreign service at all. The Govt. of India has been informed to this effect, but it is submitted that there is no reason why the strict rules should not be enforced in the case of the loan of medical subordinates to a zamindar.

Certainly not - not especially with G.O. 768 of 16.6.98. Inquire this S.G. M.C.

to be placed at the disposal of the zamindar, sanction of the Govt. is now required. Attention is invited to the Hon'ble Mr. Arundel's note of the 6th of Jan. 1898 at para 1 in G.O. No. 768, Public, d/ the 16th of June 1898. In the case there considered Govt. refused to depute a hospital assistant to foreign service under the Kallikota zamindar. The question now arising however differs in this respect. Service under the Collector of the Vizianagram zamindari may perhaps be considered to be foreign service of the second kind. The ruling of the Govt. of India, quoted in the Hon'ble Mr. Arundel's note just referred to relates only to the loan of officers to zamindars who retain the management of their own estates, and this limitation does not therefore apply in the present case. It is submitted therefore that

the

Vizianagram is a very much bigger place than Kallikota.

M.C.

M.C.

I think it is quite clear that he is not exempted.

M.C.

It must be exempt from the operation of this rule in the present case.

M.C.

the sanction to the deputation of the civil apothecary may be granted. The A.G. refers to his letter in G. O. No. 147, Public, d/ the 6th Feb. 1899, in which he mentioned that the loan of the services of medical subordinates to Local Fund and Municipal dispensaries is not in this Presy. regarded as foreign service at all. The Govt. of India has been informed to this effect, but it is submitted that there is no reason why the strict rules should not be enforced in the case of the loan of medical subordinates to a zamindar.

If the deputation of the civil apothecary is sanctioned, the further question arises as to his pensionary contribution. If he is considered as being on foreign service of the first kind, he will under article 217 of the G.O. be exempted from the necessity of paying pensionary contribution. Whether a civil apothecary is granted if his foreign service is of the second kind is not quite clear, although under G.O. No. 147, Public, d/ the 6th Feb. 1899, it is stated that the loan of medical subordinates to zamindars is not regarded as foreign service. It is submitted that special and public reasons, such as special and public reasons can hardly be said to exist in the present case. It is submitted that it appears to be necessary to inform the A.G. that the deputation should be considered as strictly foreign service

Please see Mr. A.G.'s

(Ans.) Reply. He is doubtful whether a hospital in the Vijayanagaram District is to be considered as falling under the category of hospitals in British India, as exempted under art. 87 (i), C. S. R. It is, however, he says a point for Govt. to decide. The reasons for & against the exemption are about equally balanced. on the
