SIR,

In retransmitting the papers received with your endorsement No. 784 dated the 18th instant, I have the honor to state that, as will be seen from G.O. No. 234, Public, dated 14th February 1899, the Medical Board was directed either to recommend Major Patch, I.M.S., for leave on Medical Certificate in the form prescribed by article 894, Civil Service Regulations, or to give a "definite pronouncement as to his fitness for further service." The Board was not asked to give an invaliding certificate in the form laid down in article 491 (a), Civil Service Regulations, nor does an amended certificate in that form appear to me to be necessary, as Commissioned Medical Officers are not required to support their applications for retirement with invaliding certificates. All that now seems to me to be necessary is that Major Patch, I.M.S., should be called upon by Government, on the strength of the Medical Board's pronouncement, to send in his papers for pension.

To

His Excellency the Honourable
Sir Arthur Elibank Havelock
GCMG. GCSI
Governor of Fort St George

The petition of Major A. J. L. Patch
MB. CM. DPH. Indian Medical Service

Respectfully sheweth

That your petitioner has in
consequence of ill health contracted
in Active Field Service, as certified
by the Medical Board assembled
at Madras on the 10th December 1898
(copy of Proceedings of Board attached)
been obliged to vacate his appoint-
ment as District Medical and
Sanitary officer Kurnool and
is now and has been for the past
three months residing unemployed
in Madras awaiting orders -

Your petitioner has

by his previous service earned
a certain term of leave and
his desire is that this leave may
be granted to him prior to his
retirement - He, however,
feels, from Letter No 1. dated
2nd January 1899 from the
Surgeon General with the Fort of Madras
to the Honble the Chief Secy to Govt
Public Department (Copy attached) -
that his claim to this leave is likely
to be ignored - He respectfully
submits, that should this be
done, he will suffer a great and
unmerited hardship, and one
which no officer in his position
is ever, so far as he can ascertain,
called upon to endure - Not
only will his prospective pension
be considerably reduced in
amount, but the pension of
his wife, should she survive
him, as seems only likely,
will be similarly curtailed -

Your petitioner can

imagine no reason why he
should be deprived of the leave
earned by him by previous service,
and seeing that his health has
been shattered in the performance
of his duties as a Military Officer
in the Field, he feels confident
that your Excellency will, with
the well known justice which has
always characterised your
administration, issue such
instructions as will ensure the
grant to your petitioner of all
the privileges of leave prior to
retirement which are usual
and admissible under the Rules
of the Service, and your petitioner
as in duty bound, will ever pray.

Copy of a letter from the Surgeon
General with the Govt of Madras
to the Honble. the Chief Secy to
Govt: Public Department -

No 1 . . dated 2nd January 1899
with reference to Para 2 of G.O

No 815 Public dated 28th June 1898.

I have the honour to state for the
information of Government, that
immediately on receipt of the
order arrangements were made
for convening a Medical
Board and instructions were
issued to Major A.T.L. Patch D.M.S
to appear before it. He submitted
instead an application for four
months leave on private affairs.

This having been negatived in
G.O. No 919 Public dated 3rd September
1898, he was again directed to appear
before a Board. After considerable
vacillation and change of mind
he finally decided to do so, but
not until the 10th December 1899.

Accordingly he appeared before
the Medical Board on that date
and I enclose for the

information of Government &
copy of its proceedings.

2. The Board originally granted
two certificates.

(1) Considering him unfit for
further service as a District
Medical and Sanitary Officer

(2) Recommending him for one
year's sick leave.

As the dual action of the Board
appeared to me to be most in-
consistent. I returned the
certificate and called upon
them to make one recom-
mendation according to
their conviction for transmission
to Government.

3. The Board while submitting
one certificate have adhered to
the original nature of their
recommendation with this
exception, that instead of
a year's sick leave, they
recommended Major Patch
for two years furlough which
"due to him".

I need hardly observe

that in making this recommendation the Board have exceeded their province. They are only required to give a professional opinion and certainly not to recommend the grant of furlough on sympathetic grounds. This portion of their recommendation, which to say the least of it is most irregular, should therefore be set aside as requiring no consideration and we should proceed to deal with the certificate alone. The Board are distinctly of opinion that "Major Patch is unfit for further service as a District Medical and Sanitary Officer on account of chronic Rheumatism" and the only course now to be adopted is to retire him from the Service with effect from the date of the certificate.

5 - Major Patch is anxious to obtain two

14
Years furlough which is due
to him and to retire after its
expiration when he will be
entitled to a higher rate of
pension. While ^{fully} sympathizing
with him, I regret I cannot
support his request in the
face of the Board's clear
pronouncement, as his further
retention in the service
will be unfair to government
and a waste of public money.

being so, all question of

nothing now remains to
be done - The Surgeon

further disposal of the

Major Patch, I. M. S.
having been declared by
a Medical Board to be
unfit for further service
the Surgeon General will be
requested to call on the
officer to submit his
papers for pension.
2. The Govt. regrets
that under the circumstances
the leave applied for by
Major Patch cannot be
granted.

shown by the Controller
of mil. accounts, in the paper
flagged T, that Major Patch
is now entitled to a pension
of £292 per annum, and
that he will not become
eligible for the next higher
rate, viz. £365 per annum,
until 19 June 1901. He
has to his credit furlough
to the extent of 1 year and
192 days counting towards
pension. If granted this
leave from the date he
was struck off duty in Decr
1898, it would take him
only to the middle of 1900,
so that in any case he
would have to put in
further active service to
earn the next higher rate
of pension, and this in
the face of the Medical
Board's certificate, declaring
him unfit for further service
is impossible. ~~because~~ because Mrs
Patch, in the event of her
husband's death, would
now draw a pension of

£100 per annum - She can
only draw the next higher
rate, £130 per annum, if
her husband dies after
attaining the rank of
Lieut-Colonel. If he
remains in the service, -
he will reach his Lieut.
Colonelcy on 2 Apr 1901,
& this too is now im-
possible. It is utterly
hopeless therefore for
Major Patch to expect
to earn a higher rate
of pension either for de
himself or his wife.
It seems doubtful also
whether, under
Art. 499 C.S. Regs. &
he can be granted ^{as}
any leave after the date
of the final certificate
of the Med. Board
prohibiting him
for further service.
There is another
point however which

Major Patch was relieved of his duties at Kurnool about 9. Dec. 1898, and the Medical Board finally pronounced him unfit for further service on the 29. February 1899. The previous certificates by the Medical Board were rejected, one by the Surgeon Genl, & one by Govt., as irregular, and count for nothing. There seems no reason why Major Patch should not be granted leave for the period of about 2 months & 21 days intervening between his relief & the date of the Board's final certificate. If this furlough is granted, he will draw full pay during the period, he being absent for more or less months during his absence in Kurnool, & Collector having no

ported that his service fulfils the condition of Gov. No 982 Civil dated 25.11.97. The question whether leave can be granted from 9.12.98 to 29.2.99 seems one for the Accountant General to advise on.

Col. D. S. S. S. Submitted that his file may be sent (his) to his Act. Secy for favour of opinion on the points raised above. The Comptroller Genl has already indicated (under his paper at T) that he cannot give an opinion as to Major Patch's eligibility for leave under his Civil rules. Attached is also a letter dated 10.4.99 at Secy.

Reading Articles 500 and 501 Civil Service Regulations with article 499 I do not think that the latter article precludes the grant to Major Patch of furlough or leave on medical certificate for which he may have been eligible when he was struck off duty.

I see no reason why he should not be granted with retrospective effect furlough without medical certificate for the first four months of which he would be entitled to full pay, if Govt declare him entitled to the famine concession and he allowed thereafter to send in his application for pension. His retirement would then have effect under article 501 from the termination of his leave.

The application as it would not be an application for "privilege leave" or "leave on medical certificate" should be forwarded to the D. G. I. M. under article 935(a) Civil Service Regs. on a strict interpretation of that Article, but as leave would be on account of illness though not technically "leave on medical certificate", I think, has regard to Art 935(b) that there could be no objection to Govt. passing orders on the application.

major Patch to qualify for a higher rate of pension either for himself or his wife, but as it is now shown that it can be granted, and as full pay for four months will be a substantial advantage to him, there seems to be no reason why his prayer should be refused.

3. Major Patch's service on famine duty has been declared by the Collector to come within the scope of the Govt. of India Resolution regarding famine concessions.

4. Orders are requested as to whether the leave may now be granted - without

insisting that the application should go first to the D. G. of the S. G.

No. This is a matter between the S. G. & the D. G. of the Govt. does not affect this point. Moreover the reason for my reference to the D. G. is wanting as there is no vacancy to be provided for. Major Patch merely remains on the list instead of being retired immediately. MA 21.5.99
