[Despatch Abstract.]

Secretary to the Surgeon General

Coming to the S.G.
letter from the S.G. stating that
it cannot authorize the retention of
the appointment of — on its present
footing, but that the abolition
of that appointment need not prevent
the employment of an Officer of the S.G.
as his Personal Assistant; so
him to submit proposals
the latter appointment on
laid down by the S.G.

MAY.

Secretary to the Surgeon-General.

Communicating to the Surgeon-General letter from the Government of India stating that it cannot authorize the retention of the appointment of — on its present footing, but that the abolition of that appointment need not prevent the employment of an officer of the Indian Medical Service as his Personal Assistant; and directing him to submit proposals for filling the latter appointment on the terms laid down by the Government of India.

CURRENT No.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From A. H. L. FRASER, Esq., c.s.i., Officiating Secretary to the Government of India, Home Department (Medical), to the Chief Secretary to the Government of Madras, dated Simla, 14th April 1899, No. 617.

I am directed to reply to your letter, No. 58, Public, dated the 16th January last, urging a reconsideration of the decision to abolish the post of Secretary to the Surgeon-General with the Government of Madras on the ground that the substitute for that officer of a Personal Assistant, not a member of the Indian Medical Service, could not fail to prove detrimental to the medical work of the Presidency.

2. The Governor-General in Council regrets that he cannot authorize the retention of the appointment of Secretary on its present footing, but I am to explain that the abolition of the appointment of Secretary to the Surgeon-General need not prevent the employment of an officer of the Indian Medical Service as his Personal Assistant. It was contemplated when the arrangement was settled in 1896 that the Secretary should be replaced by a Personal Assistant of the status and with the emoluments of the Personal Assistant to a Principal Medical Officer in the Military Branch of the Medical Service, that is to say, an Indian Medical Service officer on a consolidated salary of Rs. 600 a month. The Government of Bombay have recently made this change, and I am to suggest that a similar arrangement should be made by the Government of Madras on the retirement of Surgeon-General Sibthorpe in May next.

The Govt. of India now explains that the substitution of a Personal Assistant for the Secretary to the Surgeon Genl., on Surgeon Genl. Sclater's retirement, need not prevent the employment of an officer of the I.M.S. in the post - As it was not so much the change in designation, as the anticipated employment of a non-professional man in the post, that this Govt. protested against.
