For the Secy.

There are only two bound copies
of the book in the Liby., which, I think,
cannot well be spared. The Press
was written to on the 13th inst. about
unbound copies of the book, but no reply
was recd. A reminder was sent yesterday.
Today the Press has telephoned to say
that no unbound copies are available.

for the US

Orders are requested as to whether one of the bound copies in the library of the US may be sent to Lima. The books are required for the House Library there.

for the US

We have no copies of item V either bound or unbound, so that if we send away one of the library copies, it cannot be replaced. As we have two copies, perhaps one of them may be spared. The question of the value of the books is not a serious one. It is very hard to determine the value of the books to be returned. However, the other books which are a volume may be disposed of immediately.

NOTE FOR THE C.A.

Submit this;
to you for remarks with
reference to the C.A. note
of 24.5.99.

The question is
whether we should give
up, for the Govt. Museum
Simla, one of the two copies
we now have in the library
at Madras, of Series no VI
of the Archaeological Survey
Reports, "The Buddhist
Stupas of Amaravati &
Jaggayyapeta" by Murray.

So. no 129 Bulletin of
24.1.98 contains the Dis-
list of Archaeological Survey
Reports. The Sanskrit title
for the page is down for
one copy of each. While it
now has two of Series no VI.

The Imperial Library
Calcutta should have 5
copies. We don't know that
it has this number of the
particular works in question
or that it can spare a
copy. If a spare copy was
