For orders

In its letter numbered
with G.O. No. 1341 Public dated
5.11.98, the Govt. of India
sanctioned the appointment
of Lieut. Mayne, of the Royal
Artillery, as temporary adjt.
of the Madras Artillery Volunteer
in addition to his own duties
on extra pay of Rs. 150 per
month. The Govt. of India
hoped that the appointment
would have the desired
effect of improving the
efficiency of the Volunteer Artillery
by inducing the European
members of the mercantile
community to join the Corps
& it requested that...

report might be submitted towards the close of the six months showing whether any appreciable increase had been made in the strength & efficiency of the Corps.

2. The letter dated 28. 11. 98, the Dy. Asst. Secy reported that Lieut. Mayne had assumed charge of the Adjutantcy on 21. 11. 98, & he promised to submit the report required by the Govt. of India, as soon as possible after 21. 5. 99.

3. The Dy. Asst. General
now ^{intimate} ~~reports~~ by telephone,
that the report, after having
been prepared, has been
lost by the Genl Officer Commanding
Madr. District, & that
another report will be
submitted as soon as
possible - Also that as
Lieut. Mayne has since been
transferred to Aden, there
will probably be some
delay in drawing up the
fresh report. A full ...

pleasure of the loss of the
first report has been
called for by the Dr. A. G.
24. The telephone number
from the Dr. A. G. might
be recorded, & the delay
in the submission of the
report might be referred
to the fact of his not
sending it on.

Cu
7.6.99. Very well.

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the origin of life. The author discusses the various theories of the origin of life, and concludes that the most probable theory is that of spontaneous generation.
