Public

DEPARTMENT.

SIR,

With reference to your memorandum No. 1092 dated 24th April 1899, I have the honor to report that no particular arrangements have hitherto been made in the Lunatic Asylum, Madras, for the custody of European criminal lunatics. All that has been found possible to do under existing circumstances has been to make this class of insanes share the general criminal enclosure provided for natives and to set apart a single room therein for the former to sleep at night. During the past ten years only ~~three~~ European criminals (strictly speaking 2 Eurasian and one European) appear to have been admitted into the Asylum. One of these is reported by the Superintendent to have died there and another transferred to England, while the third still remains in the Asylum.

2. As regards the question of arrangement in the Madras Penitentiary in the event of a European criminal insane being sent there for confinement the Superintendent of Prisons, Madras, reports that as the Penitentiary affords no separate accommodation for the confinement of this class of prisoners the only course to be followed would be to keep such a prisoner either in on the Under-trial wards for Europeans (of which there are at present 8 and 2 prisoners respectively) with one or more of the European prisoners, or in the Medical Officer, I
