Sir

I have the honour to report that the Department of Public Works has been required for this State in connection with the Railway Construction work, and that the State Surgeon reports that he is unable to obtain the results.

I have also received information (from the State Surgeon) that the State Surgeon has been absent for two years) and I have the State Surgeon's recommendation that they should be relieved from the Government of the State as it is essential that they should be able to speak Tamil.
