FOR ORDERS.

*H. L.
A. S. The End.*

In current No. 5924 of 1898, the Surgeon General informs Govt. that the Director General of the Indian Medical Service, who recently visited Madras, was strongly impressed with the necessity for providing a medical officer to assist the Supt. of the Govt. Maternity Hospital in Madras.

2 Govt. in G.O. No. 1429-3Q, Pub. dated 28th Nov. 1898 declined to consider at present the proposal to appoint such an officer.

3 Attention is invited to the note for orders in G.O. No. 894, Pub., dated 13th July 1898. It was understood when that G.O. was passed that the appointment of a lady Asst. Supt. was an alternative to the proposal to appoint a junior Commissioned medical officer. It will be seen from the note in that G.O. that the necessity for giving help to the Supt. had been recognised but that the

and to state that, on reconsideration, the Govt. would prefer the appointment of a Junior Commissioned Medical Officer as Assistant to the Supt. Maternity Hosp., Madras.

2. I am to say that the statistics forwarded with my letter No. 1430, Public, dated 28th Nov. 1898, furnish strong grounds for an increase in the Commissioned Medical Staff of the hospital. The appt. to it of a Junior Commissioned Medical Officer would not only afford the Supt. the assistance which he so urgently requires, but would also, in the opinion of the Govt., be of much benefit to the medical service and to the public generally, as it would give junior officers an opportunity of obtaining training & experience in a very special branch
