Read—

Government of India, Public Works Department, Resolution No. 141 T., dated 25th April 1890.

Resolution.—In paragraph 2 of the Resolution cited above it was laid down that the lists of addenda and corrigenda to the Word Code for Foreign State Telegrams should in future be issued half-yearly. It has, however, been found that half-yearly lists are occasionally of very exceptional length and cause great inconvenience when a number of copies of the Code have to be kept corrected up to date. To obviate this inconvenience, the Government of India hereby order that in future lists of addenda and corrigenda to the Code shall issue on the 1st of the months of January, March, May, July, September and November, and that the additions and corrections be brought into force two months after date of issue.

Order.—Ordered that this Resolution be communicated to the Director-General of Telegraphs for information and guidance, with the request that the Superintendent of Government Printing, India, may be instructed to furnish all officers in possession of the Code with copies of the Resolution.

Also that copies be forwarded to the Local Governments and Administrations of the Governments of Madras, Bombay, Bengal and Burma, noted on the margin, and to the Foreign, Finance and Commerce, Home, Military, Revenue and Agricultural, and Legislative Departments for information.

Under Secy. to the Govt. of India.
