With the papers read above, Superintending Engineers and the Consulting Architect submit statements of requirements under Provincial funds for incomplete works of 1898-99 and for new works proposed to be undertaken during the current official year.

2. A sum of Rs. 1,07,972 was reserved in the budget for incomplete works of last year, but the modifications of grants subsequently sanctioned reduced the amount to Rs. 72,499. Adding to this sum Rs. 263 withdrawn from the budget grants for items 8, 10 and 12 of Appendix A to these proceedings, the reserve will be raised to Rs. 72,762, against which the demands amount to Rs. 2,36,299 as shown below:—

5. No funds being available, the allotments applied for in addition to budget grants for items 4, 6, 8, 16, 28, 31 and 55 of Appendix A have not been sanctioned. The Superintending Engineers concerned will apply for the requisite funds later in the year.

6. In the case of items 4, 13, 14 and 33 of the statement A, allotments have been made in excess of the unspent balance of estimate in order to admit of the works being completed. The Superintending Engineers concerned will take the necessary steps to submit, with the least possible delay, revised estimates or completion reports, explaining fully the excess in each case.

7. The demands for new works have not been complied with and are shown in Appendix B. The question of providing allotments for these works will be considered later in the year, if funds become available.

8. The following lump sum allotments in addition to budget grants applied for by Superintending Engineers have not also been provided. The Superintending Engineers concerned will, if possible, propose reappropriations from the grants for other divisions in their circles.
