This officer having come in
 from the District on account of
 the state of his health consulted
 me 6th August 1865 on account
 of a peculiar uneasiness and
 dragging sensation in the chest
 towards the centre and left side
 with frequent attacks of diffi-
 culty of breathing after the slightest
 exertion or in sleeping. Had
 suffered in this way for many
 years and for which was sent
 to England in the end of 1863 on
 12 months leave during which
 period he seemed to get perfectly
 well. He has now been back
 in this country but 3 months
 and his duties requiring him
 he out a great deal and as he is
 to all weathers he has found his
 old symptoms returning until
 forced to give up work altogether
 and to come in to consult for advice.
 On my first visit to him he
 having been at rest some time

found him breathing quietly but
with a peculiar anxiety of ex-
pression - no palpitation of the
heart, the beats regular but
quick and distinct. no murmur
felt weak and depressed sleep
much disturbed at night. Appetite
bad. Tongue always thickly
coated. With the exception of
the irregularity of the heart's
action. he has suffered much
the same as enumerated in the
accompanying case given him
by Dr. Montgomery and which
I need not specify again here.
He has been at perfect
rest in Bellare now for a pe-
riod of 6 weeks during which
time he has been under treat-
ment consisting of gentle
purgatives. alteratives, tonics
quinine. Iodide of Potassium
Bitter Infusions and exter-
nally Mustard plasters and
Blisters from which he has
derived little or no benefit
and as I consider a cool tra-
pical climate will be of more
service to him than any further
treatment here I have granted
him the following certificate.
I hereby certify that
Wm. C. C. is in a bad state of

Lee,

I have occasion to submit to you the accompanying Half Yearly Distribution Statement with some remarks as to the system of promotion from the Rank of Overseer to that of Supervisor, the most critical step in a subordinate's career, and one for which he should not be recommended by any Super. Engineer on the grounds of seniority only.

2. I am however obliged to place the Officers of the 7th Division, ^{in my List} according to seniority, with the remarks against each name; as I am afraid lest misapprehension may have been caused by my former arrangement, in the case of Ramappa recommended for promotion in the Canara District, but whose claims were decided against in the Under Secretary's letter Dec 7th of 25th September 1865, on the ground of his want of standing. Now it appears that he first entered the Government Service as an Apprentice in 1856, and was made Sub Officer in 1859; while the Candidate preferred to him appears to have entered the Government Service only in 1861. I should have said nothing

had the man joined; but finding that my urgent representations of the need of Range Officers in Canara have been disregarded in comparison with his pre-dilection for other Districts, I venture again respectfully to recommend Ramappa for charge of the Comdapor Range of South Canara.

I have the honor to be
