Office of ~~P. W. Audit and Account~~ the Controller of P.W. Accounts

Madras, 6th September 1865.

To

~~Chief Engineer and~~ The Secretary to Government, P. W. D.

Captain R.E.

~~In charge of the Audit and Account Department P. W.~~

Controller of P.W. Accounts.

Office of the Principal
of Police Calcutta
No 1140 Dated the 6th July 1865

Memorandum.

In reply to the memorandum of the Secretary of Police No 170 dated the 5th Instant the undersigned has the honor to state with the delay in the transmission of the Abstract of the Progress Report for April 1865 is owing.

1st To the late date on which the local Returns for April 1865 were received, some having come to hand as late as the 13th July 1865 from Burdwan
— 13th July 1865 from Chittagong

2d To the late date on which the Appropriation Returns for April 1865 were received, some having reached on the
— 13th July 1865 from Chittagong
— 19th July 1865 from the Presidency
— 17th July 1865 from Dacca
— 24th July 1865 from North Arcot

3d To the necessity for a minute examination being made of the Progress Reports for April in particular being the last month of the year & showing the total
Expenditure

of furniture to the end of it, that time
Reports detail all works under
300 Rs each, not shown in previous
months' Reports, additional time
will be accorded in such circumstances.

4th Because it is necessary to compare the allotments given in the Reports of Progress for April 1855 with the verified grants as shown in April Appropriation Returns, & to correct discrepancies and explain all differences, so that the total allotments of the District may be made to correspond with the totals of the grants for each work. This duty was particularly laborious, as respects the Accounts for April 1855, on account of the numerous transfers made in that & previous months noticed feelingly in Col. Ross's letter No. 1133 of this day's date explaining cause of delay in the submission of Appropriation Returns & the letter No. 607 dated 1st July 1855 from this Office furnished also explanation on the same subject

5th Special letters had been addressed to Superintending Engineers in connection with this subject & the Progress Reports as well as the Appropriation Returns of the 1st Division, but received in this Office, had the earnest attention in communication with that Office by sending for the Accountants who compiled the Returns rather than return the Documents Officially with lengthy remarks after. From the late receipt of the orders sanctioning transfers passed in April, & some of the 2nd & 3rd Divisions, were not finally corrected until many months after the Returns of that Division were received, & in many cases the corrections could be made only in the local Reports

6th Under the system of Accounts with the Accountant General Public Works Department, appointment

No 21 Ellore Godry Dist

from May 1864, & when monthly statements are forwarded, it was necessary that the expenditure shown in the Progress Report for April should be made to correspond with the monthly statements in point of fact, & the differences reconciled by corrections made in the Progress Report for previous months, after the transmission of those statements had to be adjusted first before booking the expenditure in the Provincial Journal & Ledger now kept up, after which only the Annual Appropriation Returns be completed, which will however not ready, being three weeks before that for the previous year despatched on the 30th September 1864.

× will be despatched by no conv.
