No. 5,447.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 4th September 1865.

Read the following letters :—

From J. FRASER, Esq., Collector of the Godavery District, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 31st July 1865, No. 161.

1. In reply to the concluding paragraph of the Government Order, dated 3rd instant, No. 1,853, Public Works Department, communicated with the Board's Proceedings of the 13th idem, I have the honor to report as follows :—

2. On the receipt of the Government Proceedings of the 23rd February 1864, No. 325, sanctioning the sum of Rupees 1,19,916-8-6 (or, in round numbers, Rupees 1,20,000) for payment to the Inamdars up to Fasli 1272 for lands taken up by channels and embankments in and before Fasli 1269, Mr. Newill, the late Collector, having ascertained that for the above purpose only Rupees 20,000 were available in the Revenue Budget, and that nothing was provided in the Revenue or Public Works Budget for the year 1863-64 for the remaining sum, requested the Board in his letter, dated 21st March 1864, No. 74, that special arrangements should be made for payment of the above sum of one lac, as well as for an estimated amount of Rupees 1,20,000 for compensation, which might be sanctioned to be paid in 1864-65 for the following purposes :—

Items.	Estimated amount as proposed by Mr. Newill.	Accurate amount as proposed by the Sub-Collector in charge.
	Rs.	Rs. A. P.
Annual payment for Fasli 1273 for lands for which compensation was sanctioned up to Fasli 1272, in the Government Order, dated 23rd February 1864, No. 325. ...	16,000	15,457 6 10
Annual compensation for profits of lands taken up previously to Fasli 1269 not included in the account sanctioned in the above Order	15,000	15,422 2 10
Annual compensation for profits of land taken up in and from Fasli 1270	15,000	4,207 7 8
Compensation by purchase of lands	74,000	53,123 15 4*
	1,20,000	1,12,725 15 0

* With reference to Statement No 4, submitted with letter No. 156, dated 26th July 1865.

3. Mr. Newill's proposal for Rupees 2,20,000, as above stated, was submitted by the Board to Government, whose Proceedings, dated 9th April 1864, No. 602, Revenue Department, stating that Orders would be passed in the Public Works Department, for placing at the Collector's disposal such funds as might be available, reached him on the 16th April 1864. On the same day he reported to the Board, that in order to prevent disappointment, the sum when placed at his disposal would be debited and carried to account under the head of Deposit, and adjusted as soon after the close of the year as possible. The Board approved of this arrangement in their Proceedings, dated 28th April, recorded in the Order of Government, dated 7th May 1864, No. 790.

4. After Mr. Newill's departure from the Godavery District, Mr. Chase, the Sub-Collector in charge, received from the Superintending Engineer one lac of Rupees on the 25th April 1864, and credited it under the head of Deposit on the 27th. Of the total sum of Rupees 1,20,000, Rupees 1,11,636-11-8 were paid to the Inamdars, &c., up to 30th August 1864, when, on the receipt of the Government Order, dated 20th idem, No 2,396, directing that any part of the money which had not actually been paid away should lapse, I stopped payment to Inamdars, and the remaining Rupees 8,364-1-1 unexpended were kept in deposit and at the disposal of, the Superintending Engineer.

5. As mentioned in the concluding part of paragraph 2 of the Government Order under reply, if it were necessary to treat the whole amount of Rupees 1,20,000 as having lapsed, application should have been made to the Government of India for Rupees 2,40,000 (so as to include the above sum) instead of Rupees 2,20,000 only.

6. Referring to the Order of Government, dated 20th August 1864, No. 2,396, the Superintending Engineer requested me to let him know what amount was actually spent in 1863-64 from the sum of Rupees 1,00,000. I informed him that out of the above sum, Rupees 91,635-14-11 were spent leaving a balance of Rupees 8,364-1-1.

STATEMENT showing the total extent of land due to Inamdars, and its assessment, as entered in Statements Nos. 1, 2, and 3 ; the land given in exchange ; and the land still due ; its assessment up to Fasli 1273 in the Godavery District, (No. 4.)

Twenty years' purchase money... 53,122 15 4

(Signed) J. FRASER,
Collector.

Cocanada,
26th July 1865.

1. Resolved that the foregoing letters be submitted to Government, with reference to their Orders, dated 20th June 1865, No. 1,376, Revenue Department, and 3rd and 11th July 1865, Nos. 1,853 and 1,953, Department Public Works.

2. From paragraphs 2 and 3 of the first letter it will be observed that the amount to be permanently remitted from the Peishcush of proprietors, on account of Jeroyati lands taken up in their villages, is estimated at Rupees 7,785 9-8. Of this, the sum of Rupees 6,993-10-11 has already been remitted as stated in paragraph 2 of the Sub-Collector's letter, dated 21st March last, No. 44, and the sanction of Government is now required for a similar remission in regard to the remaining sum of Rupees 791-14-9, being the annual assessment on the proprietary lands entered in Statements 2 and 3, forwarded to Government with the Board's Proceedings, dated 8th June last, No. 3,085. As the Peishcush for Fasli 1274 has been already collected, this sum must be refunded to the proprietors concerned; but cannot be remitted from the Peishcush of Fasli 1275, as recommended by the Collector, as the adoption of such a course would exhibit in the accounts of that Fasli a less amount than that which is to be collected hereafter. The sanction of Government for the actual refund of Rupees 791-14-9 is therefore necessary. The actual collection of Peishcush for Fasli 1275 may, however, be made *minus* the above sum, taking receipts for it from the proprietors as if payments had been made to them: the transaction being adjusted in the accounts by crediting the full amount of Peishcush and debiting the sum of Rupees 791-14-9 as a refund sanctioned by Government. A permanent reduction of that sum from future payments can of course be made from Fasli 1275.

		7,785	9	8

3. Referring to the observations passed by the Board in paragraphs 16, 17, and 18 of their Proceedings, dated 8th June last, the Collector has furnished a revised Statement No. 4, showing the total extent of land due to Inamdars, as entered in Statements 1, 2, and 3; that given in exchange up to the end of June last; and the remainder for which compensation has still to be made. It appears from this, that of the total occupied extent, viz., Acres 3,375 assessed at Rupees 11,117, Jeroyati and waste land, in area Acres 2,660 and assessed at Rupees 8,191, has been given in exchange, and that there are 715 acres with an assessment of Rupees 2,636 still remaining. Mr. Fraser points out that the payment down of a sum of Rupees 53,124, being twenty years' purchase of the assessment, would close the account once for all. He has not, however, yet been able to furnish the information called for in paragraph 19 of the Board's Proceedings, dated 8th June last, as to the rate at which land ordinarily sells in the Godavery District; so that the Board are not in a position to say whether the value assigned to these lands is a fair one. It appears, moreover, that applications are still being received from the Inamdars for grants of waste land in lieu of money-payment. For the present, the sanction of Government is requested to the proceedings of the Collector in regard to the land already given in exchange.

4. The second letter recorded above contains the information called for in the Public Works Department Order of 3rd July, No. 1,853. For convenience, the Board have thought it best to submit these papers at one and the same time through the Revenue Department.

5. It will be seen that the sum of Rupees 2,20,000, applied for and sanctioned by the Government of India on account of the official year 1864-65, consisted of Rupees 1,00,000, sanctioned by this Government for disbursement in 1863-64, (but no portion of which was issued within the year,) and Rupees 1,20,000, the amount of compensation estimated as due in 1864-65 for all lands theretofore taken up, including a lump sum as compensation once for all in cases where no waste land was available for grant in lieu, or no Peishcush existed from which a deduction could be made.

6. Of the first mentioned sum of one lac, it appears from paragraph 6 of the Collector's letter, that Rupees 91,635-14-11 were disbursed, not in 1863-64, as would appear from the same paragraph, but subsequent to 30th April 1864, *i. e.*, in 1864-65, as apparent from paragraph 4. The balance of Rupees 8,364-1-1 was not issued within the year, because on receipt of Government Order, 20th August 1864, No. 2,396, the Collector stopped payment of the balance of the then sanctioned amount (Rupees 1,19,916-8-6.)

7. No portion of the second sum of Rupees 1,20,000 was actually disbursed within the year 1864-65. The amounts for which recommendations were forwarded are those referred to in Board's Proceedings, 8th June 1865, No. 3,085, viz:—

	Rs.	A.	P.
Statement No. 1	15,457	6	10
Do. „ 2	15,422	2	10
Do. „ 3	4,207	7	8
Do. „ 4	77,638	13	8
	1,12,725	15	0

8. Out of the three first of these sums, amounting to Rupees 35,087-1-4, a sum of Rupees 27,643-1-4 appears from paragraph 9 of the Collector's letter to have been already paid; while the remainder, as well as another sum of Rupees 8,379-12-10 (remaining undisbursed out of Rupees 1,19,916-8-6 already sanctioned) are now in course of disbursement.

9. It is necessary here for the sake of clearness to state, that out of Rupees 1,20,000, provided for 1863-64, viz., 20,000 in the Revenue Budget and 1,00,000 in that of the Public Works Department, a sum of Rupees 19,900-12-9 was expended within 1863-64, and the remainder lapsed to Government. The sum sanctioned by the Government of India for 1864-65 was 2,20,000 Rupees. In this year, a further sum of Rupees 91,635-14-11 was actually spent, (in addition to that of Rupees 19,900-12-9 in 1863-64,) the whole expenditure thus being Rupees 1,11,536-11-8 out of the amount of Rupees 1,19,916-8-6 sanctioned in Government Order, 23rd February 1864 No. 325, Revenue Department. The remainder, Rupees 8,379-12-10, and a further sum of Rupees 35,087-1-4, for the payment of which sanction had been requested, the Collector was instructed to debit to Public Works Remittance and credit to Deposit, as already explained, in view to its being taken as a payment within the year 1864-65. This course the Board considered desirable in order to avoid the necessity of making an application for the provision in the Budget of the following year of a sum which had been actually settled as due to the Inamdars for 1864-65, and which might, therefore, be considered as paid though not formally disbursed to the several claimants.

10. The Collector, however, charged in the accounts of 1864-65, on 29th April 1865, a sum of Rupees 35,100 in round numbers only; the other sum of Rupees 8,379-12-10, above referred to, appears to have been received by the Collector on 11th May 1865 from the Engineer Department. Thus a sum of Rupees 43,479-12-10 was at the disposal of the Collector, of which a sum of Rupees 27,643-1-4 has been disbursed as already stated. This arrangement need not, the Board think, be disturbed: the transaction having already been exhibited in the accounts. In future, however, the course pointed out by the Government of India, viz., to charge the amount actually disbursed to the parties, will be duly observed, and all that is necessary now is for the Government to give their formal sanction for the sum of Rupees 35,087-1-4.

11. As observed by the Collector in paragraph 10 of his second letter, the sum of Rupees 53,124 has now been substituted for that of Rupees 77,639 entered in the Statement No. 4 as first submitted. The Collector states that this is not the amount exactly required, as several Inamdars have since then applied for Zerayati and waste lands in exchange. This may probably be still reduced. A further sum of Rupees 20,000 may also, it is stated, be required on account of compensation for lands taken up in Fasli 1274, as well as for lands taken up in previous years and not included in the Statements already forwarded. It will thus be seen that the extra sum required for disbursement in the current year is about Rupees 74,000), for which provision should be made in the Public Works Budget. If no such provision exists, and if the same cannot be met from Savings, the special sanction of the Government of India might be obtained for the grant.

from the Controller of P.V.
Accounts to the Secretary
to Government P.W. Dept
N° 1739 dated 24th October 1866

P.W. 476/66

Statement shewing the
Expenditure on New Works
and Repairs up to the end
of May 1865 Compared with
the Allotment.

Mis. 30th October 66 N°70

(Draft)

No. 3 5.

MADRAS RAILWAY COMPANY,
33, NEW BROAD STREET,
LONDON, 28*th August*, 1865.

SIR,

I have to acknowledge the receipt of your letters Nos. 645 to 648, with their enclosures, Indent No. 236, South West Line, and Bills of Exchange for £88. 5s. and £30 in repayment of advances made by the Board on account of the servants mentioned by you, which have been realised.

2. Respecting certain home payments retained by the Chief Engineer against an advance of Rs. 385 : 8 : 0 made by him to Mr. Carew, advised by para. 14 of your No. 647, you will have observed by my letter No. 363, para. 10, that the amount has been recovered here. The home payments retained can therefore be remitted in the usual manner. It is desirable that retentions on one account should not be placed against another account.

3. With reference to the unauthorised departure for England of P. J Knight, Erector and Fitter, mentioned in para. 15 of your No. 647, the last payment of £6 was made to Mrs. Knight on the 4th inst. It is satisfactory to know that Knight has not gone off in debt to the Company.

4. Adverting to para. 7 of my letter No. 363, I now return Mr. Dartnell's undated bond, and forward two of our printed forms for his personal security. Be good enough to have them executed, and send one copy to this office.

5. In continuation of my No. 354, para. 7, Mr. Beresford Anderson's return has been permitted by the second instead of the first steamer in September. An advance of £200 has been made to him, which you will deduct at Madras from his furlough pay.

6. Edward Read, Locomotive Foreman, who came home on sick certificate, with strong recommendations for his being sent out again, having now recovered his health and applied for leave to return, the Board have agreed, in consideration of his previous long good service and other circumstances of his case, to defray the expense of his passage back, on the condition, however, that they shall not be called upon to find him another passage home at any future time. He will enter into an agreement with you on his arrival in terms of the memorandum, of which a copy is enclosed, to serve the Company for three years from that time, on that understanding.

7. Dr. Van Someren, from the terms of his certificate in Read's case, would not appear to have been apprized that no authority has been given to send servants of that class home on sick certificate, nor was Read himself made aware of this, he states, when he left his wife and family behind him. My letter No. 196, to the Agent, para. 4, directed that in case of sickness of such servants requiring a return to Europe, their engagements were to be terminated, and those orders not having been modified are of course to be observed. In certifying the restoration of Read's health our Consulting Physician has suggested the expediency of employing him in a different locality from that where his health suffered before. A copy of Read's last agreement with you does not appear to have been sent to us.

To the Agent and Manager,
Madras Railway Company,
Madras.

No 30.
