REFERENCE.

Sir,

I have the honor to forward for your information and instructions, copy of a letter from the Joint Auditor of this Railway, together with copies of the bills referred to, and to state that I concur in the view of the Joint Auditor.

No such charges are levied on any property within the Railway limits of H. H. the Nizam's territory, as the taxes levied as I presume credited directly or indirectly to the revenue of the British Government, I think, it is only fair the amount should be debited to the Begnada Extension Railway.

I have the honor to be,
Sir,

Your most obedt servant,

PUBLIC WORKS DEPARTMENT.

OFFICE OF CONSULTING ENGINEER FOR RAILWAYS,

Madras, 11th January 1890.

Memo from the officiating Secretary to Resident Public Works Department Hyderabad No. 383 Railway, dated 23rd December 1889 forwarding letter from the agent and manager, His Highness the Nizam's Guaranteed State Railway Company, No. 1438, dated 20th December 1889, with enclosed.

for the orders of Government.

2. The agent and manager, His Highness the Nizam's Guaranteed State Railway Company, in forwarding a statement showing the amount of Municipal House Tax to be paid on the buildings on the Bezavada Extension, for the year ending 31st March 1890 requests that such charges may be debited to the extension, no such charges being levied on any property within the Railway limits of His Highness the Nizam's territory.

Under

Under ordinary circum-
stances these taxes would be
paid by the Vizianagra
Ranched State Railway and
would merge in the ordinary
working rate, but as the Vizianagra
guaranteed Railway is a
State state line and has not
apparently similar charges
of its own, it is suggested
that the Government of India
be solicited to accept the
charge as a special debit
to the Bezwada extension, in
addition to the maintenance
charges and the ordinary
working expenses debited
by the Vizianagra Railway.

Est.

The Agents' assumption that these
taxes are levied directly or indirectly
to the British Govt is incorrect, &
I suspect these taxes levied in
Lauderdale & Hyderabad which
are not made a special debit against
the Nizam's line. I don't see any
reason for making these taxes a
special debit against the Bezwada
extension, any more than the ordinary
working charges. I don't know.

I read this
these, it is probably - there

the Comptroller for Reps.

The Agent is in error in his assumption that the taxes in question are credits directly or indirectly to the revenues of the British Govt. and

His Excellency the Governor
in Council sees no reason
why the Municipal ~~taxes~~ should
not, as on other lines in India,
be debited to Abstract G,
"Special and Miscellaneous"
that is to charges other than
maintenance (Abstract A) to
be met under clause 2 of India's
letter no: 1119 R.C., dated 28th
November 1888, embodied in
