Read the following papers :—

From the Consulting Engineer for Railways, dated Madras, 6th December 1889,
No. 495.

From the Agent and Manager, Madras Railway, dated 2nd December 1889, No. 6651/1334.

Submitted for the sanction of Government.

2. The Agent and Manager, Madras Railway, submits an application for the transfer of a travelling auditor on Rs. 200 per mensem to the grade of accountant on a salary of Rs. 250 per mensem.

3. The main object of this transfer is that a quarterly examination of the accounts of all the divisions may be carried out by the Audit department, and that periodical reports upon the accounts of all large construction works may be rendered.

4. This proposal involves an increase of Rs. 50 per mensem, and is recommended for sanction in accordance with Proceedings of Government No. 4 R., dated 9th January 1889.

From the Consulting Engineer for Railways, dated Madras, 21st December 1889,
No. 526.

From the Agent and Manager, Madras Railway Company, to the Consulting Engineer for Railways, dated Madras, 19th December 1889, No. 6651/1406.

[Your No. 1049, dated 12th December instant.]

Explanation of necessity for raising the pay of a Travelling Auditor.

In compliance with your request, I have the honor to enclose, for your information, copy of a letter from the Chief Auditor.

2. Put generally the case appears to be this: that by the proposed change, superior knowledge and more responsible work will be required of the officer promoted to the new duty of inspecting the accounts of the divisional offices, and it is only reasonable and right that his pay should be increased in proportion to the higher services demanded from him. It will be noted that the Chief Auditor does not propose any increase of pay beyond the maximum now drawn by a travelling auditor.

3. With the explanation now offered, I trust you will be able to sanction the increase proposed.

ENCLOSURE.

From the Chief Auditor, Madras Railway Company, to the Agent and Manager, Madras Railway Company, dated 14th December 1889, No. 6185/655.

Referring to your No. 6651/9955, dated 13th instant, forwarding copy of Consulting Engineer's letter No. 1049, dated 12th idem, I beg to submit the following explanation of the increased rate of pay proposed to be given to a travelling auditor on transfer to grade of accountant.

The salary proposed is the same amount as is already drawn by one of the travelling auditors including his fixed allowance, but the new appointment will require a larger knowledge of our work and will be of a more responsible character.

A general knowledge of our system of working in all the branches will be necessary as the accountant's services will be required from time to time in all of them.

He will also have to make himself thoroughly efficient for the new duties in connection with the Engineering accounts, if his work there is to be of value, and this alone renders it necessary that his pay should not be less than any of the travelling auditors.

Submitted for the orders of Government in continuation of endorsement No. 495, dated 6th December 1889.

ORDER—dated 11th January 1890, No. 34 R., Public Works.

SIR,

With reference to what took place at the Official Meeting and Stores Committee held in my Office on the 28th ultimo in respect of the transfer of one of the Travelling Auditors to the grade of Accountant, I have the honour to quote below an extract from a letter from the Chief Auditor explaining the necessity for this transfer.

"I beg to request that you will kindly apply for the sanction of Government to the transfer of one of the Travelling Auditors of this Department at present drawing Rupees 200/- per mensem including the fixed allowance of his appointment to the

2
the grade of Accountant on a salary of Rupees 250/- without any fixed allowance.

" The necessity for this transfer is explained in my letter N^o 6185/1148 dated 12th June 1889 from which I beg to quote as follows:-

" Before going into the detail of these reports I will refer to the strong opinion expressed by the Consulting Engineer in his letter N^o 246 dated 20th March last that there should be a periodical examination of the accounts of all the Divisions by the Audit Department.

" This in my opinion is very desirable and when our staff is sanctioned I shall be able to arrange for this work without difficulty and at little cost. It will also complete the design of bringing under Audit supervision the whole of the account offices of the Company.

" I propose to arrange for a quarterly inspection of Divisional

Offices and for periodical reports upon the accounts of large construction works, like the Chitravati and Pennar Bridges. The latter being undertaken by an officer of this department.

"To do this I propose to reduce the number of Travelling Auditors by one at a money cost of Rupees 200/- per mensem, and to make a fixed appointment at head quarters of the grade of an Accountant, drawing a salary of Rupees 250/-, or a total increase of Rupees 50/- per mensem. This change is also required for other reasons connected with the recent enlargement of Audit supervision.

Under these circumstances I request that you will be so good as to communicate to me the sanction of Government for the transfer to be made on the terms suggested above.

I have the honour to be,
Your most ^{Sir,} obedt. Servant,

The only shadow of an argument
for raising the main line on
transfer to B.R. Q.1. seems to be
that he ought not to draw less than
any Trav. auditor; & then does
not seem much in it. However, charge,
it may be passed
