for I am of course unwilling
to stand in the way of Sivappa's
advancement & yet I cannot
but say his removal at this
critical juncture will be
seriously imperil the interests
of Districts 13 to 15 inclusive
He has just got the work well
in hand for a good push,
He brings contractors who know
I have confidence in him, &
whom he knows how to manage.
I do not know of any one
in the Staff who can take
Sivappa's place, that is to fill
it to the same advantage -
He has had great trouble &
fight to get labour material

birth of Pahal & Sivappa has
been of the greatest assistance
in backing me up for reasonable
rates. My fear is that if
he goes it will throw us
back very much. There are
others who are always moaning
for higher rates & excusing
their progress because of low rates.
I never hear a word of this from
Sivappa that he gets along well.

Cannot India be induced
to leave him where he is
for a few months longer?

Believe me
Yours sincerely

I can only ^{suppose that} ~~expect~~ Mr. Logan's
ignorance of the circumstances
that have been going on about
Swappu is the unfortunate result
of Col C. J. Smith's illness. I thought
Mr. Logan knew all about it.
Col. Smith handed to me a bo.
from Sir C. Elliott in the matter &
said he thought Swappu would be
shamed after June, & I have
replied accordingly.

Major Sidney Smith should write
bo. to Mr. Logan explaining what
has owing to Col Smith's illness

Read again the following:—

G.O., dated 4th October 1889, No. 1073 R., Public Works.

From the Consulting Engineer for Railways, dated Madras, 4th October 1889, No. 380.

From the Agent, South Indian Railway, to the Consulting Engineer for Railways, dated Trichinopoly, 24th September 1889, No. 1223.

I have this morning received the following communication from the Chief Engineer. Will you please let me know if Government will sanction the appointment asked for.

"From the experience gained during the past working season and the addition of 63 to the 300 miles already under construction, I find that the services of a second Deputy are essential for the proper inspection and control of the work on the Villupuram-Guntakal line. In my opinion the present Deputy Chief Engineer, Mr. Spalding, has his hands quite full in supervising the work of construction now going on between Villupuram and Tirupati, a distance of about 160 miles, and if Government can spare a really energetic and efficient man, I shall be glad to have the aid of an additional Deputy to work the remaining 200 miles between Pakal and Guntakal."

Submitted for the orders of Government.

Telegram from the Secretary to the Government of India, Public Works Department, to the Consulting Engineer for Railways, Madras, dated Simla, 19th September 1889, No. A-380.

Your proposal in demi-official letter of 21st August to appoint another Superintending Engineer to Dharmavaram-Villupuram State Railway is approved, but Government would prefer to appoint Ramsay, shortly available, in lieu of Swappe. Does Government of Madras concur.

Order—dated 4th October 1889, No. 1073 R., Public Works.

Ordered that the following telegram be despatched to the Government of India:—

"Your A-380, nineteenth ultimo. Madras Government will accept Ramsay."
