## South Indian Railway

Extract from letter from the Managing Director to the Agent dated London 29th November 1889. No 792.

## Remuneration for Working the Kellor Branch.

In reply to the reference under this head in your letter No 784, 15th October, 1889, and with regard to the Draft Agreement forwarded with your letter No 781, 24th September, 1889, I am desired to inform you that in view to the short period viz to the 31st December, 1890, for which the Agreement will run, and to the near approach of the time when it is anticipated that a new and more Comprehensive arrangement will be made for the working by the Company of the whole system of lines now open, and under construction. (including the Kellor Sirupaxi Branch). the Directors consider that any new Agreement for the working of that section is unnecessary. the original signed Agreement of 15th September, 1887, being still in force, except so far as varied by the Resolution of the Board which was conveyed to you in their letter No 748, 25th January, 1889, which applies only to Clause 13 of that Agreement.

As regards the question of accounts arising on the Agreement, inasmuch as Clause 16 of the Agreement

Of 15<sup>th</sup> September, 1887 was not varied  
 nor intended to be, the writing back  
 of the one fourth of the profits of the  
 Koller Railway Credited in the Indian  
 Revenue account for last  
 half year appears to have been done  
 under a misapprehension of the state  
 of the Case.

The Joint Secretary to the Government of  
Madras, (Railway Branch),  
Public Works Department.

Calcutta, the 3<sup>rd</sup> March 1890.

Sir,

I am directed to acknowledge the  
receipt of your docket No. 41 R. dated  
the 11<sup>th</sup> January 1890, forwarding for the  
orders of the Government of India copies  
of correspondence relative to the conditions  
for the working of the Mellore Branch  
of the Villupuram - Dharmavaram State  
Railway by the South Indian Railway  
Company.

In reply, I am to say that, though  
this may not have been sufficiently  
clearly expressed, it was the intention  
of the Government of India to accept  
only the terms laid down in Public  
Works

H.M. 6-1-90 R. 7-1-90

Works Department letter No. 1425 R.T.  
dated the 3<sup>rd</sup> April 1889 and to withdraw  
the condition as to the payment to the  
Company of  $\frac{1}{4}$  of the net earnings of the  
Branch. This was, however, clearly --  
indicated by the draft agreement --  
forwarded with Public Works Depart-  
ment letter No. 360 R.T., dated 25<sup>th</sup> July  
1889, which contained no clause as to the  
Company receiving a share of the net  
earnings as a Bonus for working.

3. As the Board of Directors of the  
South Indian Railway Company appear  
to have overlooked the change noted in  
paragraph 2, and as that modifica-  
tion was not specially referred to in  
the Public Works Department letters --  
quoted, the Government of India, if the  
Board of Directors desires to press the --  
matter, will not insist upon the bonus  
for working being withdrawn during the  
currency of the present contract. But  
it should be understood that its --  
continuance must not be considered  
as a precedent for future arrangements,  
because

because the intention of the Government  
of India was to stop the payment of any  
share of the net earnings to the Company's  
account, and in any future working lease  
no condition requiring such payments --  
will be accepted.

4. In these circumstances, more especially  
as the net financial result to the --  
Company in the present case will be the  
same whether the bonus is continued or  
withdrawn, I am to inquire if the Company  
desires to press for its continuance. The  
Government of India would prefer its  
discontinuance as in several recent --  
instances it has declined to pay any --  
such bonus to working Companies and  
intends to discontinue them universally  
in future.

I have the honour to be,  
Sir,

Your most obedient servant,

Moreover the percentage rate on which the Branch is worked does not necessarily or even probably cover the actual cost, without the addition of the one fourth of the net earnings referred to. The Directors would therefore under all the circumstances of the case prefer that the agreement should run as it at present stands for the short period up to the end of the current year when new arrangements will be entered into."
