From the Government of India, Finance
and Commerce Department, dated 1st May
1890, No. 2140. —

I am directed to acknowledge the receipt of your letter No. 231 dated the 14th March 1890, to the address of the Public Works (Railways) Department, regarding the contributions towards pension of the officers transferred to the Southern Mahratta Railway Company, on 1st January 1888 from the late Bellary Kistna State Railway.

2. - In reply I am directed to say that the Government of India concurs with the Government of Madras that these contributions should be credited to Imperial. The Southern Mahratta Railway is to all intents and purposes an Imperial State Railway, but being managed by a Company receiving one quarter of the net earnings, contributions are realised on account of the officers lent with the object of throwing on the Company a portion of the liability for the leave and compensations of the officers and thus reducing the

the surplus net earnings. The contributions are charged to the working expenses of the Railway and are borne by the Company and the Imperial Government in the share of one-fourth and three-fourths, so that credit to Provincial revenues would be equivalent to a payment of the amount from Imperial to Provincial. Orders will be issued accordingly directing that the amounts should be credited to the Comptroller, India Treasuries, as in the similar case of contributions for officers of the Rajputana-Malwa Railway transferred to the Bombay, Baroda, and Central India Railway specified in the note to Section 828 of the Civil Service Regulations.—
