To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to forward, herewith, copy of Proceedings of this Government No. 1036 R., dated 20th July 1893, and to request the sanction of the Government of India to the estimate for certain alterations and additions to the Bangalore city station, amounting to Rs. 1,75,663, chargeable in the proportion of Rs. 1,43,330 to Capital and Rs. 32,333 to Revenue. The necessity for the above expenditure is explained in the Consulting Engineer's endorsement and this Government concurs in the opinion that the alterations will effect a most desirable improvement in the working of the yard and station. I am further to request that early sanction may be communicated to the estimate.

I have the honour to be,

Sir,

Your most obedient servant,

Joint Secy. to Govt., P.W.D.,

 from Agent Madras
 Re forwarding plans
 & estimate

to foot.
 for transmission to
 Govt of India

The agent submits
 plans & estimates for
 alterations & additions
 to Bangalore C.P. station
 amounting to

Capital	142,330
Revenue	32,333
	<u>1,75,663</u>

The estimate which
 includes my print
 works has been approved
 by the Board Southern
 of the Madras Ry and the
 Mysore Durbar.

The necessity for the
 complete rearrange-
 ment of this station
 has long been felt &
 the project has been
 discussed for over 3
 years.

The station was ori-
 ginally built to serve
 the branch line to Mys-
 ore & the Madras Ry
 inf. But the natural

development of
traffic, the opening
of the Nohu fold fields
& the new proposed
line to further de-
mand better provisions
for dealing with both
passenger & goods traffic
as both station & yard
are now in "congested
state which is dangerous.

The works proposed
are principally - the
realignment of the
main line
approach from the Cam-
bourn station,

a new station on an
island platform to
be reached by an over-
bridge & supersede the
present subway which
it has been found
impossible to keep
clean -

Extension of the train
pass shed & platform -
a new station building
with accommodations
for increased num-
ber of passengers &
refreshment, waiting
rooms and the usual
railway offices -

in the working of
the yard & station

25
New Approach road,
and overbridge and
complete alteration
of the broad gauge
lines -

The Indian Ry goods
shed (not being a
print work) has al-
ready been built -

These alterations will
affect a most de-
sirable improvement
and it is hoped that
the estimates may
receive early approval

Certain minor alterations
to comply with standard
dimensions at present
infringed - and the
erection of the kitchen
above the refreshment
room (not shown in
the plan) will be car-
ried out
