Referring to your letter No 704 of the 6th instant, I have the honour to inform you that Mr. Chisholm was in charge of the Cheyair Bridge between the 30th June and 3rd July 1893.

Mr. Sandford joined at Madras on the former date and it having been decided that Mr. Russarlet, who was in charge of the "Division South West Line, should proceed to England on privilege leave, Mr. Sandford was deputed to take charge of that division and the 3 days were occupied in making the transfer.

If the work at the Cheyair
and Booga Bridges is not completed
by 30th September and Mr. Bishop
is still in charge of the work and
also of a division, he will, of course,
be as much entitled to the extra allowance
then as prior to that date, but it has
been determined not to give the
allowance after the date mentioned.
It is hoped that the strengthening
of the girders of these Bridges will
be completed early in October.
