From the Agent, South Indian Railway, to the Consulting Engineer for Railways,
dated Trichinopoly, 15th September 1893, No. 1095.

Adverting to G.O., No. 528 R. of 13th March last, according sanction to a revised local train service between Kadiri and Dharmavaram, I have the honour to inform you that the night train service between Pácala and Dharmavaram was put on with the object of securing good connections at Guntakal when the Southern Mahratta Company were able to see their way to run connecting trains between Dharmavaram and Guntakal, and as I hope they will be able to do this as soon as the line is opened throughout to Bangalore I think the timing of our existing trains should not be interfered with.

The local trains between Dharmavaram and Kadiri were put on owing to the through trains at the Dharmavaram end being timed to run during the night, but from the attached return you will see that they are doing very little indeed, not paying working expenses, and I consider the through trains provide what accommodation is needed for the traffic on this part of the line and I have therefore to request that sanction may now be given to withdraw on and after 1st proximo the local trains between Kadiri and Dharmavaram.
