Sir,

A requisition was recently received from the Agent and Manager at Madras for an Inspector of Points and Crossings, to fill the vacancy caused by the retirement of Mr. Jackson on the completion of his 4 years engagement.

After making enquiries in several directions the Consulting Engineer advised the Board to advertise for applications for the appointment. The only eligible candidate was James Punter, Jr. recommended by Messrs. Saxby and Farmer, who stated that he was prepared to accept the situation upon the understanding that the passage of his wife be paid by the Company.

Under the circumstances the Consulting Engineer recommended the Board to accede to this request, remarking that it would be difficult to procure a more suitable man, judging from Messrs. Saxby and Farmer's testimonial.

As it was requested that the vacancy might be filled at an early date, the Board have appointed James, Punter, and have secured a passage for him (and also for his wife, at an additional cost of £28.16.0) by the British India Company's S.S. "Avoca" to sail on the 20th inst.

In anticipation of the sanction of the Secretary of State, which it is hoped he will be pleased to accord, as a special case, the abovenamed sum was included in the application for £116.19.6 in letter No. 7719 dated 14th. October 1893.

The Under Secretary of State
for India,
India Office,

I have, &c.,

(Sd) Julian Byrne,
Secretary.
