From Wolfe Murray Esquire

To The Secretary to Government
Public Works Department
Railway Branch.
Madras

Sir,

I have the honor to say that I think the time has come for the appointment of a Special Revenue Inspector in connection with claims for compensation arising from damage caused by the Nilgiri Railway Company. The necessity of being present ^{present} at several important meetings at Cotacamund has hitherto prevented me ^{from} making a full inspection of the locality, but as I came up the schaut to join this appointment I saw Coffee bushes being rapidly covered up and damaged by spoil, and I think it is time that a full description of the ground damaged

at each point should be made
a constant inspection & record
kept up of all further developments
in the same direction. I am convinced
money will be saved by the
appointment of a Revenue Inspector
as proposed by Mr. Reed in his
Memo dated 6th August 1892.
and the Engineer in Chief has
concurred in Mr. Reed's opinion.
Mr. Reed has pointed out the
impossibility of the Deputy Tahsildar
Bomarr or his Revenue Inspector
having time to properly attend
to this work. In these circumstances
I beg to state that the appointment
of a Special Revenue Inspector
on Rs 60 per mensem is absolutely
necessary for at least a period
of 6 months for the purpose
above indicated and to request
that Government will be pleased
to accord its sanction to his
^{employment} establishment at a very early
date. If the appointment is

found necessary after the above
period of 6 months fresh application
will then be made. On receipt of
sanction the usual proposition
at Bombay will be submitted. I
hope to get over the pound myself
in the course of next week.

I have the honor to be
Sir

Your most obedient servant

O. Wolfe Murray
