Read the following paper :—

From the Agent, South Indian Railway, to the Consulting Engineer for Railways, dated Trichinopoly, 26th September 1893, No. 1140.

I have the honour to inform you that, at the inspection for the half-year ending 30th June 1891 held in August 1891, the Locomotive Superintendent brought to notice the insufficiency of accommodation in the engine-shed and for the staff at Villupuram junction station to meet the requirements of working the line from Villupuram to Pakala. It was then decided to obtain the sanction of the Board of Directors to the construction of four double blocks of European drivers' quarters, one double block of the same design for the running drivers, a three room block for a dispensary and apothecary's quarters, four double blocks of quarters for East Indian firemen and cleaners, and to the doubling of the existing engine shed as well as the increase of sidings necessary for this doubling.

The sanction of the Board of Directors to these proposals was communicated to me by the Managing Director's letter No. 12 of 20th November 1891.

In the meantime the urgency of some additional accommodation for the staff was brought forward by the Locomotive Superintendent, and sanction was obtained by G.O., No. 3025 R. of 18th December 1891, for the construction of two double quarters for Europeans and two double quarters for East Indian firemen and cleaners. The apothecary's quarters and dispensary were sanctioned in G.O., No. 2372 R. of 6th October 1892. All these buildings have been built and are occupied.

The allotment for works for 1892-93 having been reduced by Government to Rs. 50,000, many of the proposals approved of had to be omitted from the final issue of the budget; but the Locomotive Superintendent having stated that the whole of the extensions at Villupuram were very urgent, sufficient provision was made in the final issue for commencing the remainder of the works during the current year.

I therefore forward for favour of early sanction being accorded thereto, in order that the budget grant may be utilised, estimate, amounting to Rs. 69,467, chargeable in the proportion of Rs. 68,810 to Capital and Rs. 657 to Revenue, for providing additional staff quarters and locomotive accommodation at Villupuram junction.

The attached memorandum shows the sanction of the Board against which the estimates under reference are submitted.

Letter—from the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch, to the Secretary to the Government of India, Public Works Department, Calcutta, dated 7th November 1893, No. 1359 R.

I am directed to forward, herewith, copy of Proceedings of Government No. 1358 R., dated 7th November 1893, and to request that the sanction of the Government of India to the estimate submitted therewith, amounting to Rs. 69,467, chargeable in the proportion of Rs. 68,810 to Capital and Rs. 657 to Revenue, for providing additional staff quarters and locomotive accommodation at Villupuram junction station.

2. The necessity for the increased accommodation at Villupuram has been long felt, but other and more urgent works have hitherto taken precedence.

3. The sanction of the South Indian Railway Board has been obtained to the whole project, of which the following works have been sanctioned by this Government in consideration of their urgency:—

	RS.
Four double block quarters for drivers	14,340
Apothecary's quarters and dispensary	6,536
Four double blocks for Eurasian firemen and cleaners	4,926

4. Out of the Capital portion of the estimate, it is proposed to provide to the extent of Rs. 20,000 from the unallotted grant for unsanctioned works in the budget for 1893-94, leaving the balance to be provided for in the ensuing year's budget. As for the Revenue portion, Rs. 657, provision exists under heads II and IV of abstract A, budget, 1893-94.

5. Plans are submitted herewith.
