** Consulting Engineer for Railways.*
Madras

SIR,

I have the honour to ask that you will sanction my opening a station at the $\frac{11\frac{1}{2}}$ mile Bangalore Branch.

2 The Mysore Rlys and the South east
Mysore Gold Mining Companies have recently
taken up fresh ground near to the 163rd mile and
as these mines now employ upwards of 2000 hands
a convenient station between Gudupalli and
Kamasamudrum stations is required.

3. I inspected the proposed site of the station in company with Mr. West on the 15th instant.

4. The site is in Mysore territory and in due course land plans will be submitted.

5 We can however open a temporary
station and let the boat go on within

our own fence and this we propose to do at once if you will kindly convey your sanction.

6. The Mysore Reefs mine commences to crush its quartz and return gold in July next and the South east Mysore mine I am officially informed in September next and the Manager of the mines is anxious to get up from Madras large supplies of steam coal.

7. The usual estimate forms &c are submitted herewith. The name of the proposed station will be Bisanattam.

I have the honour to be,
Sir,

Your most obedient servant,

Lewis. J. M. V. S.

Agent & Manager.
