RESOLUTION.—As no general orders are at present in existence defining the powers of sanction of Local Governments and Administrations in regard to expenditure on entertainments to State Railway employés or the public on occasions of the opening of new lines of railway or of any works of great importance, His Excellency the Governor General in Council is pleased to decide that on any such occasions, if the expenditure is likely to exceed Rs. 500, the sanction of Government of India is necessary, and must be received before any liability is incurred.

2. His Excellency in Council takes this opportunity to point out that expenditure on entertainments should only be permitted on rare occasions such as the first opening of a railway or on the completion of some very exceptional and difficult work. Not more than one entertainment should be allowed in connection with any Railway or Project without the sanction of the Government of India.
