SIR,

I have the honor to retransmit
the proof copy of the minutes of the last
official meeting returned with your letter
no 2265 of the 18th instant for correction
and to reply as follows to the points raised
in the Examiner's note thereon.

- Para 1. This information has been filled in.
- .. 2. The several quotations for coal tar
were noted at the meeting by the
Officers present and Messrs Ramsay
and Coy's offer was considered
most advantageous but the matter
was not finally decided until after
the Dy. Consulting Engineer has
left my Office as the quality of
the sample remained to be tested.
As the result of the test was
favourable Messrs Ramsay & Coy's
tender

tender was accepted and recorded as a part of the business of the last meeting.

Para. 3. Staffordshire iron was required for the manufacture of axle guards for covered goods wagons. These used to be imported from England but it is now found that they can be manufactured here at nearly half the cost. Iron required to make axle guards will in future be indented for from England, but the present purchase is for axle guards urgently required.

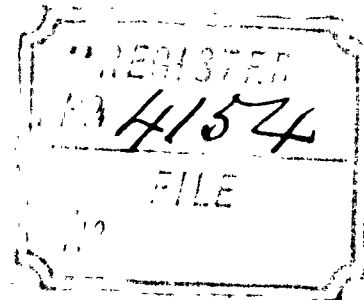

Para 5. It was subsequently made known by the Chief Engineer that Mr. Chisholm did not avail himself of the leave granted to him until the 29th June.

I have the honor to be
