Read the following paper :—

From the Inspector-General of Police, dated 20th December 1893, No. 7332.

I have the honour to submit, for the sanction of Government, the accompanying statement detailing the Railway Police requirements in the Górávari district on the lines worked by His Highness the Nizam's and East Coast Railways.

2. The strength shown in the "present scale" is that sanctioned under the orders of Government noted in the margin, and the result of practical working proves that the strength allotted for certain stations is inadequate, and additional stations having been recently opened a redistribution is considered necessary.

3. The effect of this redistribution will be an increase of four constables to the present strength resulting in an increased outlay of Rs. 54 per mensem, of which seven-tenths will be borne by the Railway Companies. On receipt of orders of Government sanctioning the proposal forwarded herewith, the usual proposition statement will be submitted.

Railway Police Force in the Godavari District

Proceedings, Judicial Department, sanctioning the redistribution of the — proposed by the Inspector-General of Police, communicated to officers concerned.

18TH FEBRUARY 1893, No. 390, JUDICIAL.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following papers:—

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government, dated Ootacamund, 19th January 1893, No. 265.

I have the honour to forward copy of correspondence with the Consulting Engineer for Railways on the subject of police for the Bezvada-Godavari section of the East Coast Railway expected to be opened for traffic about end of next month, and request early sanction to entertain the necessary police, as the men have to be drilled and instructed in their duties before being sent to their different posts and there is but little time to do this between now and end of February.

ENCLOSURES.

From the Officiating Consulting Engineer for Railways, to the Inspector-General of Police, dated Madras, 14th November 1892, No. 2687.

I have the honour to inform you that the Bezvada-Godavari section of the East Coast Railway (90 miles) is expected to be opened for traffic on 1st January next.

2. This is an Imperial State Railway and will be worked temporarily by His Highness the Nizam's Guaranteed State Railway under an agreement the terms of which are the same as those under which the Company is now working the Bezvada Extension Railway.

3. With reference thereto, I request the favour of your views in the matter of police arrangements for the nine stations on that section.

From the Officiating Consulting Engineer for Railways, to the Inspector-General of Police, dated Madras, 12th December 1892, No. 2687—1.

The undersigned has the honour to request the favour of an early reply to his letter, No. 2687, dated 14th November 1892. The line is not likely to be opened until the end of February.

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Consulting Engineer for Railways, Madras, dated Ootacamund, 19th January 1893, No. 264.

In reply to your letter, No. 2687, dated 14th November 1892, requesting my views in the matter of police arrangements for nine (9) railway stations on the Bezvada-Godavari section of the East Coast Railway (90 miles), which, it is expected, will be opened for traffic about the end of February 1893, I have the honour to state that, after communication with the Superintendents of Police of the Kistna and Godavari districts, and after having been made acquainted with the views of Mr. Pendlebury, Agent and Manager of His Highness the Nizam's Guaranteed State Railway, which Company is about to work the East Coast Railway temporarily, I am of opinion that, to start with, the staff of police shown in the accompanying statement will be required to undertake the duties of "watch and ward" as well as those of "law and order" at the stations mentioned.

2. There are no head constables in the Madras police on pay of Rs. 12 per mensem. The lowest grade (4th) of a head constable receives Rs. 14 per mensem. There are two grades of constables—1st on Rs. 8, 2nd on Rs. 7, per mensem.

3. It is well to have not less than two men at each station. Important stations require more.

4. The total strength of the police required at present is 2 head constables and 21 constables at a cost of Rs. 245-13-4 per mensem, $\frac{7}{10}$ ths* of this sum being payable by the Railway Company and $\frac{3}{10}$ ths† by Government.
- * Rs. 172-1-4.
† Rs. 72-12-0.

5. As it is necessary to enlist, drill and instruct the men in their duties before sending them to their posts, I have, to save time, sent a copy of this letter and the statement which accompanies it direct to Government for early orders to entertain the necessary force.

STATEMENT showing Staff of Police required (in the opinion of the Inspector-General of Police, Madras), for nine (9) Railway Stations on the Bezvada-Godavari Section (90 miles) of the East Coast Railway expected to be opened for traffic about end of February 1893.

With reference to your letter no 1547 dt. 21st July 1893, I have the honor to state that it was the Inspector General of Police, Madras, who made the remark that the section of the East Coast Railway from the Godavari to Tuni would be worked by your Company, and it is probable that at the time of writing his letter No 10 of the 29th June 1893, he was unaware that the Govt of India had ^{since} decided to transfer the line to State management.

Read the following paper:—

From the Inspector General of Police, of 20 December 1893, No. 7332.

I have the honour to submit for the sanction of Government the accompanying statement detailing the Railway Police requirements in the Godavari District on the lines worked by His Highness the Nizam's and East Coast Railways.

2. The strength shewn in the "present scale" is that sanctioned under the orders of Government noted in the margin, and the result of practical working proves that the strength allotted for certain stations is inadequate and additional stations having been recently opened a redistribution is considered necessary.

3. The effect of this redistribution will be an increase of 4 constables to the present strength resulting in an increased outlay of Rs 34--- per mensem, of which 7/10ths will be borne by the Railway Companies. On receipt of orders of Government sanctioning the proposal forwarded herewith

G.O. no. 390 of 15 Feb. 1894.
G.O. no. 1341 of 15 July 1893.

herewith, the usual proposition statement will be submitted.

Order: of 15th January 1894, N^o 69.

The proposed redistribution of the Railway Police force in the Godavari District is approved and the necessary proposition statements should be submitted to the Financial Department in due course.
