From the Agent, South Indian Railway, dated 5th July 1894, No. 689.

From the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch, to the Secretary to the Government of India, Public Works Department, dated 16th July 1894, No. 2438 C.

I am directed to forward a revised estimate for fitting automatic vacuum brake gear to 20 engines and 100 carriages on the South Indian Railway. The original estimate sanctioned in your letter No. 411 R.S. of 28th October 1892 amounted to Rs. 1,10,685. The revised estimate amounts to Rs. 1,37,374. The excess is due first to the difference in the rate of exchange at which the prices of the fittings were worked out at and that at which they were paid for and secondly to the prime cost of the gear having been under-estimated.

From the Officiating Under Secretary to the Government of India, Public Works Department (Railway Stores), to the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch, dated Simla, 13th August 1894, No. 279 R.S.

I am directed to acknowledge the receipt of your letter No. 2438 C., dated 16th July 1894, and in reply to communicate the sanction of the Government of India to the revised estimate received therewith, amounting to Rs. 1,37,374, of the cost of fitting automatic vacuum brake gear to 20 engines and 100 bogie coaching vehicles on the South Indian Railway in supersession of the estimate, amounting to Rs. 1,10,685, sanctioned in Government of India, Public Works Department, letter No. 411 R.S. of 28th October 1892.
