To

Mr. Consulting Engineer for Railways.

Madras.

Sir,

In continuation of my letter No. E 1107 of the 20th instant, I have the honor to forward herewith an Estimate with plan No. 883357 for 12 bungalows for Upper Sub-ordinates whom it is proposed to locate at Arkonam in connection with the transfer of the Workshops to that Station and to request that the sanction of Government may be conveyed to me for the required outlay Rs. 13,756 chargeable to Capital.

The proposals to concentrate the Engineering Workshops at Arkonam and to place the Inspector of Station Machinery, Inspector of Points & Crossings and the Workshop Superintendent under the supervision of the Telegraph Engineer were fully discussed at the Special Meeting held on the 7th December last and approved by the Board vide my letter in

case 57894
No. 7822 dated 11th April 1894.

Budget provision has not been entered on the face of the Estimate as the Chief Engineer states he will not be in a position to say what amount is likely to be spent during the current financial year until the land required for the work has been transferred.

The data on which sanction will be given is given on the Estimate.

I have the honor to be,
Your most obedient servant,
