Six Months Estimate of Revenue
Receipts and Expenditure for the
Official year 1894-95.

The Six months Estimate should be submitted so as to reach the Government of India by the 1st November of each year. It should be prepared after a consideration of the receipts and expenditure, actual and approximate for the first six months of the year, and the letter of Credit issued for October and November; as well as of the probable receipts and expenditure in India of the remainder of the year under the heads of Classification and funds taken account of in the Budget Estimates.

2. Important variations between the Budget Estimate and the Six months Estimate under each head of Classification should be explained in a Memorandum to be submitted with the Six months Estimate.

3. The last appropriation to the figures which will represent the Budget Estimate of the ensuing year should be entered except for those heads of expenditure for which grants have to be definitely fixed by the Government of India.

Begrada-Madras Railway Survey.

EXAMINER'S REPLY.

Actuals for 93-94 & Budget Estimate for 94-95 checked -
The amount shown as the "Six months estimate" should be
Rs 70,000 & not Rs 10,000 as entered as this estimate is
intended to be a first revision of the original Budget
estimate of the year based on 6 months' actuals. Vide
instructions on back of form.

The explanatory note required should be one stating
why it is now proposed to reduce the original
Budget estimate of Rs 20,000 to Rs 70,000 - The reason
would seem to be that the actuals for 1893-94 were
Rs 10,000 in excess of the estimate & that there is no
intention that the total sanctioned estimate of Rs
130,000 should be exceeded by the actuals in the
two years - Returned through Eng. in-charge Bangalore Railway
