your attention is called to the fact that the timber required for the construction of the railway is of a special quality and is not to be obtained in the ordinary way. It is necessary to send a person to the source of supply to select the timber and to see that it is of the required quality. It is proposed to send Mr. Morse, Assistant Carriage Foreman, to Burma to select the timber. His salary and the cost of his journey to Burma and back will be paid by the Company, and in addition to his salary he will be paid a daily allowance of Rs 7/- while in Burma.

228

Purchase of Teak Timber from Burma.

No. The Agent and Manager reported that it would be necessary to purchase from the Government Forest Department, Rangoon, to meet our requirements for 1895, 2400 tons of teak timber, 400 tons for the Engineering and 2000 tons for the Locomotive Department. It was proposed to send Mr. Morse, Assistant Carriage Foreman, to Burma to select this timber instead of employing Commission Agents as heretofore. Mr. Morse's passage to Rangoon and back would be paid by the Company and in addition to his salary he would be paid according to the rules a daily allowance of Rs 7/- per day while in Burma.
