The Govt. of India has
very much to know.
How much money can
be spent this year in the
General Branch Rep - &
pending further action
the Govt. to vote for the
immediate services of
a Special Deputy Col.
to take up the
compensation claims
at once and a Revenue
Inspector to work with
the Engineers of the Ma.
the Govt. while staying
out the land to be
taken up - as the pos.
sibility of spending the
Govt. provisionally sanctioned
by the Govt. of India and
the two cases for land
compensation & con-
struction now being
applied for, depends on
the cost acquisition
of the land - I trust
very early sanction may
be given to this request.

From

Compensation Duty.

To
The Collector of Madras.

Sir,

With reference to G. O.
dated 12th November 1894 No 4374 Ins,
Revenue, I have the honor to inform you
that I arrived at Madras yesterday
and immediately reported myself
personally to the Secretary to Govern-
ment Revenue Department. He told
me that I should consider myself
under your orders while working in
Madras and under those of the Collector
of Chingleput while working in that district.

I

I beg accordingly to await your instructions.

2. I beg first of all to solicit instructions as to how I am to draw funds for disbursement of Compensation.

Under Rules 1 and 2 Appendix to Account

Code a Special Officer engaged solely on Compensation duty is, it would

appear, regarded as a Public Works disburser and supplied with funds

in the same manner as an Executive

Engineer. But, as I am to be under

a collector, I shall have to draw

funds in one of the two ways men-

tioned in rule of 11 of the said Appendix.

I would prefer to adopt the first of

the two ways last mentioned and

make the Compensation payable

to the parties themselves at the

Accountant

Accountant-General's Office on Cheque (Form B) countersigned by me. But I think that the Accountant-General's consent should be obtained to this procedure. I beg that this may be done as early as possible.

3. I beg further that I may be allowed an office establishment consisting of:—

1 clerk on Rs 50 — Rs 50

1 clerk on Rs 30 — " 30

2 clerks on Rs 20 — " 40

1 Attender on Rs 10 — " 10

3 peons on Rs 7 each — " 21

1 Masalchi on Rs 6 — " 6

157

The establishment is that of a Divisional Officer, excepting that a slight increase has been allowed to each clerk in order to induce really good men to consent to take up

up appointments of such a short duration and entailing much personal exertion. Salaries in Government offices in Madras are generally higher than in the Provinces, living being more expensive in Madras. I trust therefore that the slight increases proposed will meet with approval.

4. I understand from the Railway authorities that they intend to commence work at both ends simultaneously. To enable me therefore to furnish sufficient land to both working parties and complete the work within as short a period as possible, I require two experienced First class Revenue Inspectors one from Madras and the

the other from the Chingleput district to measure up and schedule lands, with two peons to each. The work is urgent. No measuring and scheduling having yet been commenced, the deputation of these officers may I beg, therefore, be done without delay.

5. I beg to inquire where my head-quarters are to be. I think Madras will be more convenient as this will facilitate personal communication with Railway Authorities, when necessary. In any case, I want an office as a large number of parties will be in attendance. If no room is available for me in any of the existing offices, I beg permission to engage a house and charge a portion of

of the rent not exceeding Rs 30 to ~
Government...

6. I beg to be provided
with a permanent advance of Rs 25,
a Revenue Seal and office furniture,
necessary stationery, books &c as per
indent enclosed.

7. I solicit the favor of
early orders on this letter to enable
me to proceed to work immediately.

I have the honor &c

THE SECRETARY TO GOVERNMENT,

REVENUE DEPARTMENT,

MADRAS.

SIR,

Addressing to Government Order
Revenue No 4374 and Dated the 12th ultimo,
I have the honor to submit, for favor
of very early orders, the enclosed letter
dated the 1st instant from Dewan Bahadur
A Datto, the Special Officer thereon referred to,
who reported himself to me on the afternoon
of that date

2. First of all he solicits instructions as to how he should obtain funds required for payment of Compensation, which he may have to award from time to time. By virtue of his appointment as Special Officer for this question in

question, he should, I think, be regarded as placed at the disposal of the Public Works Department, and as such he will be a Public Works Disburser so far as regards the obtaining of funds, making disbursements and accounting for the same (Vide Rules 1 and 2 of Appendix C Civil Account Code). In other respects he may be considered as under the general orders of the Collector of Madras or of the Deputy as the case may be.

3. The work of preparing the requisite Schedules for publication under Section 6 of the Act (I of 1894) is too much to be got through by Mr. Chester and his establishment without detriment to the current work of his office. I therefore propose that the preparation of such Schedules also be undertaken by the Special Officer. This will afford him some preliminary insight into the nature, values

of the lands he will have to deal with, and it will facilitate the subsequent settlement of compensation.

4. The land plans promised by the Consulting Engineer for Railways have not as yet been received, and as long as they are, I shall give Mr. Pisto the assistance of an experienced Revenue Inspector of my District, and such other staff as may be necessary to proceed with the preparation of the draft notification. For this purpose, I beg that sanction may be accorded, at a very early date, for the entertainment

7 Clerks on Rs 50	—	Rs 50
1 Clerk on Rs 30	—	30
2 Clerks on Rs 20 each	—	40
1 Attender on Rs 10	—	10
3 Peons on Rs 7 each	—	21
1 Masalchi on Rs 6	—	6
1 Revenue Inspector on Rs 40 + 20% Carriage allowance	} —	60
2 Lascars on Rs 7 each	—	14
		<u>Rs 231</u>

of the marginally noted Establishment. The men on Mr. Chester's permanent Establishment, who have local knowledge and know

you know the details of land Acquisition
as work will be defunct for duty under
the Special Officer, their places being
taken up by new men.

as 5. Referring to para 5 of our Memo letter,
I would recommend that Messrs
be made his head quarters. As for
the office accommodation, there being
no space available either in the old
High Court Premises or in my office
building, I would suggest that the
old Town Police Court building, recently
vacated by the Deputy Collector's office,
be made available, the Public Works
Department being required to place it
at my disposal at once after executing
any slight repairs which may be
found necessary. This building, being
being within easy reach of the public
concerned, is close to the Taluk Treasury,
where the Special Officer can lodge his
money

money for safe custody, and the land
records of the Deputy Collector's Office
may also be conveniently and readily
consulted.

6. I also beg that Mr. Pinto may be
allowed a permanent advance of Rs 25
and the Superintendent of Stationery
directed to supply him with the requisite
articles of Stationery and the Super-
intendent of Government Press with the
the requisite printed forms. I would
also recommend that he may be supplied
with the marginally noted books
Civil Account Code required by him, and he be authorized
Civil Service Regulations to purchase the requisite Office furniture
Board Standing Orders at a total cost not exceeding Rs 300.

After the Acquisition work has been
completed, the furniture will be sold
and the proceeds credited to Government.

7. Para 4 of the Board's Revised Standing

Order No. 11 requires that a statement should invariably be taken from the owners or occupiers of land embodying their objections, if any, to its requisition and the same forwarded to Government with the draft declaration. It seems to me that this requisition does not apply to lands acquired for Railways. Even if it were held otherwise, I trust the Government will dispense with the requirement in the present case, in as much as it is only an Administrative requisition. The work is of great magnitude, and will involve considerable labour and consequent delay. The owners are already in a way aware of the proposed acquisition, and the preliminary survey has already been effected with fullest consideration to the convenience of the proprietors and without their expressing any disinclination to give up

up their land. Further, the land must be taken irrespective of any objection on the part of the owners. As the matter is urgent, I have ventured to address this letter direct to Government. I have also this day submitted a copy of it to the Board of Revenue.
