NOTE on six months' estimate (Revenue), 1894-95, for the Májavaram-Muttupet Railway.

The reduction in receipts appears necessary as the line has not done as well as expected. From April to July receipts amounted to Rs. 67,782, and at this rate the earnings for the year should be $67,782 \times 3 = 2,03,346$, or, say, Rs. 2,03,000 as estimated. The expenses are based on percentage of earnings.
