To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

With reference to your telegrams No. 68 A.R., dated 4th February 1895, and No. 107 A.R., dated 19th February 1895, I am directed to submit the Revenue budget estimate, Madras-Ennur section.

2. The estimate is prepared for the totals already advised by telegraph on the principle that same proportion of expenditure to gross receipts obtain, as are anticipated for the Madras Railway. No provision for rolling stock has been made, so that if the working of the section is entrusted to the Madras Railway the agreed charge must hereafter be allowed for. Provision has been made for ten months' receipts and expenses from 1st June 1895 on the basis of a monthly settlement. If, however, half-yearly adjustments be eventually decided on, the estimate should only include seven months' figures.

I have the honour to be,

Sir,

Your most obedient servant,

Joint Secy. to Govt., P.W.D.,

The Ag. Chief Auditor
Rayapuram
Dear Sir,

Madras-Ernore Railway

When the Ernore line is opened I propose to put on a real good service of trains in order to see whether there is any traffic worth working up (that is provided that the Agent agrees) viz. 8 trains in each direction giving a mileage of 48,800 miles in the year. It would be well therefore before quoting this figure to ask the Agent and Manager whether he is disposed to agree to this number of trains in each direction.

Will you please do this?

Yours faithfully

SIR,

Madras.

With reference to your letter
-no. 447 of the 7th instant I have the honor
to forward herewith the Revenue budget
estimate of the Madras Emware section
for the year 1895-96 prepared in the form
desired by you. Owing to the terms of your
letter no provision has been made for hire
of Rolling stock for which we should
of course require payment if the working
of the line were to be entrusted to this
Company.

2. Regarding the estimate of the Train mileage I enclose copy of letter -
no. 866 A+M
2 of 17th Instant from the Traffic Manager.

3. It will be seen from the Budget that the Traffic Manager estimates the

the earnings for 10 months at Rs 1,43,334, equal to Rs 1433 per mile per month as compared with Rs 1066 per mile per month the estimate of the earnings of the Madras Railway for 1895-96.

4. The estimate is probably based upon the proposed large train service and should the anticipated earnings not be realised we could not afford to supply such a service of trains for the same percentage of the gross receipts as the Working Expenses of our own system amount to.

I have the honor to be
Sir,

Your most Obedient Servant

2. The estimate is prepared for the
totals already advised by telegraph
on the principle that same proportions
of expenditure to gross receipts obtain
as are anticipated for the Madras
Railway: no provision for rolling
stock has been made so that if
the working of the section is entrusted
to the Madras Railway the agreed
