AGENT AND MANAGERS' OFFICE,

Madras, 11 December 1894

From

The Agent and Manager, M.R.C.

To

The Consulting Engineer for Railways,
Madras.

SIR,

I have the honor to forward herewith an estimate with plan No. 3414 for proposed Ticket printing office at Rayapuram and to request that the sanction of Government may be conveyed to me for the required outlay, Rs. 8,004, chargeable to Capital.

In explanation of the necessity for the work the Ag. Chief Auditor writes:-

It was agreed at the officers' meeting held on the 5th April last that the Traffic Manager's Ticket printing establishment should be transferred to the Audit Department and the Traffic Manager now writes me that he is prepared to hand it over

"over on the 1st September."

"We have no spare room in
"which to accommodate the
"establishment and printing machines
and also

"It is found that the opening
"of the Polar Gold Fields State Railway
"will necessitate the underpinning
"of additional clerks in this office,
"and as we are already very much
"crowded I shall be obliged if
"you will kindly arrange to have
"the whole of the building shown
"in the plan for the Ticket Printing
"office erected instead of that
"portion for the Ticket printing alone."

Information as to provision
in the Budget and date on which
sanction will lapse is given on
the estimate.

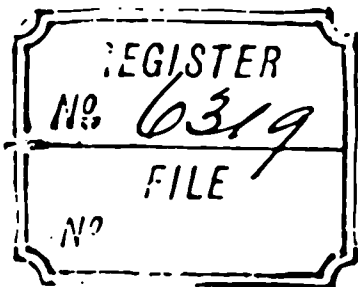

I leave the honor to be,

Sir,

Your most Obedt servant

EXAMINER'S REPLY.

21/12 The cost of removing the steps on the proposed ticket
printing office, and the steps and windows in the
Prosecuting Inspector's office should be debited
to Revenue, which account should receive credit
for the present value of the removed steps and
windows that will be returned to stores.
Revenue should be debited by credit to Capital
with the original cost of the steps and windows
removed.

2. The work requires the sanction of the
Local Government, which may be accorded
if, it is considered "special" as this is not a
budgetted work.

3. Funds are available from the grant for unsanctioned works Schedule B of Budget for 1894-95.

It is usual for the Audit Dept of a Ry to have the printing of tickets under its order. But the members of Traffic Dept. do it and the proposed change is recommended - sanction for the estimate of 8,000/- may be given - as a off. civil work not included in the Budget -

In this connection I may mention I am trying to get the South Indian to adopt the same cover as present all their tickets are printed in England and I think to much advantage in keeping up large supplies in this country. The abuse of written form tickets which involves much loss on the company as station clerks can & do derive illicit gains by manipulating the counterfoils thus

counterfoil	ticket
Expense	Expense
Profit	Profit

the clerk pockets the difference

and the ground is
seldom disturbed -
Paper tickets have to be
used when the printer
men run short or a
new station is opened
