Dated 9th April 1896

From,
J. A. Atkinson Esquire
Collector Kistna

To
The Chief Secretary to Government
Railway Branch
Madras

Sir,

With my letter Disposal number 389/Ver. of 1896 dated 3d February 1896, I forwarded to Government a memorial from the inhabitants of the Bandar and Gudivada Taluks requesting that Railway Communication may be sanctioned between Bezwada and Masulipatam. I have the honor respectfully to enquire if the same has been received.

2. At the risk of wearying Government I would beg that the importance of this line of Railway, short as it will be, be continuously pressed upon the attention of the Government of India.

It is not once in a way but constantly, almost daily, that I hear Complaints from the mercantile and agricultural communities of the inconvenience they suffer in being cut off from the high ways of trade: while the General public of the District have good cause to Complain of the inaccessibility of all the principal Government Officers in the District

I have the honor to be

A special letter forwarding a Com from the Collector of Kistna and reminding the Govt. that he has forwarded a Memorial about the Project and agents urging its sanction, is put up for orders.

The Memorial, A, was sent to the Govt. of India in No 245 R of 17.3.96. It is perhaps better early to remind India about it.

The question of gauge seems to be the principal point in the case, and for HE's information the following remarks are submitted—

The line would be 50 miles long. The M Ry now department to survey it in 1891 & they estimated it would cost Rs 3,000 per mile on the Broad gauge & Rs 1,96,000/ per mile on the mixed gauge. (Rs 3¼ Lakh altogether)

In 1893 the S.M.Ry Co. agreed to make it on the Metre gauge for Rs 55,000/ per mile (28 Lakh altogether) taking the money themselves on certain conditions set forth in their application. See Page 2

The Govt of Madras have considered this & their views would be found of the value on a former occasion when

No. 47 Railway of 1895.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

RAILWAY CONSTRUCTION.

To

THE RIGHT HONOURABLE H. H. FOWLER,

Her Majesty's Secretary of State for India.

Simla, the 2nd July 1895.

SIR,

With Lord Kimberley's despatch No. 70 Railway, dated 3rd August 1893, copies of certain letters from the Board of the Southern Mahratta Railway Company, relating to an offer to construct a railway on the metre gauge from Bezvada to Masulipatam, were forwarded for our consideration and such action as might be desirable.

2. Before coming to any decision on the proposals of the Company, we considered it advisable to invite the opinion of the Government of Madras thereon, and to obtain further information both as to the prospective traffic of the proposed branch line and in regard to the capabilities of Masulipatam as a port.

3. We have now the honour to forward a copy of the reply of the Madras Government giving the information required by us. It will be observed that an opinion is expressed by that Government that, even if the terms proposed by the Southern Mahratta Railway Company for the construction and working of the line, as detailed in the schedule accompanying railway despatch No. 70 of the 3rd August 1893, were otherwise approved, the conditions mentioned in paragraphs 13, 14 and 15 could not be accepted. In that opinion we concur.

4. Irrespective, however, of the suitability or otherwise of the terms referred to in the preceding paragraph, and the doubts expressed by the Government of Madras as to the reliability of the traffic estimates now furnished, we would remark that we do not regard the construction of the Bezvada-Masulipatam railway as a matter of urgency, and in view of the possibility that its construction might have the effect of checking the development of traffic on the East Coast railway, and of creating demands, which it might be difficult to satisfy, for expenditure on the improvement of the port of Masulipatam, we would prefer to wait till the projects for the connection of the East Coast railway with Calcutta and Madras, now under consideration, are more advanced and their effect on the course of trade more apparent, before deciding how the needs of the Masulipatam delta may best be served, or committing ourselves to the construction of the proposed branch as a part of the Southern-Mahratta railway system.

We have the honour to be,

SIR,

Your most obedient and humble Servants,

(Signed) ELGIN.

Simla, the 18th May 1896.

Sir,

I am directed to acknowledge the receipt of your letter No.345 R., dated 17th March 1896, forwarding a petition from the inhabitants of Masulipatam praying for the construction of a railway from Bezvada to Masulipatam; and urging the project for the favourable consideration of the Government of India.

2. In reply I am to forward for the information of the Government of Madras a copy of a despatch to the Secretary of State No.47 Railway, dated 2nd July 1895, which contains the views of the Government of India regarding this project and to say that the Government of India, whilst holding the opinion that the line should probably be made eventually, do not consider that the situation has altered appreciably since the Secretary of State was addressed.

3. The Government of India therefore before further considering the question of the construction of the proposed line, would prefer to wait till the effect of the opening

Offg:
THE CONSULTING ENGINEER
FOR RAILWAYS,
MADRAS.

Sir,

With reference to the correspondence ending with my letter No. 388 dated 26th November 1895 I have the honor to enquire when the orders of the Government of India may be expected regarding the application of my Assistant, Mr. J. H. Le Mesurier, for Exchange Compensation Allowance. In my letter No. 343 dated 13th April 1895 I applied at the instance of the Board of Directors for a favourable reconsideration of the orders passed by the Government of India in its letter No. 33 T. dated 1st February 1895 to the Joint Secretary to the Government of Madras P.W.D. Railway Branch, and although over a year has elapsed no decision has as yet been communicated to me. Mr. Le Mesurier has, I believed been debarred from the privilege of Exchange Compensation Allowance on the grounds that his father was in the Honourable East India Company's service. I understand that it is the intention of the Government of India to modify the ruling on which this decision was based, as it has been recognized to bear unfairly on Officers whose domicile is, but for a legal technicality, distinctly European.

&c.

The Rules for Exchange Compen-

... for exchange compe

Grant of Exchange Compensation allowance to Mr. de Mesquita Asst. to Agent S.I.R.

H.E. The Governor

Draft letter attd.

SH

11.6.96

An application for this allowance was made to the Govt. of India in 1894, but was refused. Upon further representation from the Agent S.I.R. another application was made in 1895, and refused on the grounds that Mr. de Mesquita domicile was Indian.

At the request of the Agent supported by this Board of Directors another third application was made in May 1895 to which no reply has been received

As pointed out by the Agent the application has probably been refused on the technical plea that Mr. de Mesquita acquired an Indian domicile by virtue of his father's having been in the Service of the Hon. East India Co.

It is believed that the Govt. of India are now reconsidering the rules for Exchange Compen-

satisfactory a year having now elapsed since our last ~~reminder~~ letter, a draft reminder is put up for approval. If has not been thought necessary to re-capitulate the facts of the case since the Govt. of India is already fully informed of them
