Madras Railway Company
Chief Engineer's Office
Madras 5 December 1875

The Agent & Manager

Dear Sir,

X
Case
57-9-94
(Confidential)

Adverting to para: 6 of the
 Secretary to the Board's letter, ch^s 896 dated
 27th March 1894, a copy of which was for-
 -warded to this office with your letter, ^{p. 2822}₂₇₆₈
 dated 9th April 1894, I beg to advise you
 that, in consultation with the Chief
 Auditor, it has been arranged that the
 accounts appertaining to this Department
 shall be transferred to the Audit Office
 from the 1st of January 1896.

2. The new system, which has been formulated by the Chief Auditor and to which I have signified my approval, will necessitate the strengthening of the staff of the three District Offices by additional writers costing in the aggregate Rs 125/- per mensem. To this I have added the cost of providing each District with a draftsman on Rs 30/- per mensem, so that the total increase in the office establishment of the three Districts will be Rs 250/- per mensem. This increase in the district

District 1

District Clerical staff is essential as I have arranged for the District Engineer to correspond direct with the Audit office on all matters of accounts only. The draftsman it is found is required in order to save the delay and expense incurred by constantly sending out draftsmen from Madras to complete details of buildings frequently required.

3. As a set off against this increase, I have decided to increase the length of the majority of the sections in charge of Permanent Way Inspectors, whereby it has been found feasible to dispense with the services of 7 Inspectors of different grades and 7 Inspectors' writers whose combined salaries amount to Rs 960/- per mensem thereby showing a net decrease of Rs 745/- per mensem, or Rs 8940 per annum.

4. All the Inspectors whose services are to be dispensed with, and also one of the Inspectors' writers, are eligible for gratuities on account of 'reduction of establishment', in terms of the enclosure to circular of V Ry.

dated

dated 18 July 1875. These gratuities will amount to Rs 2885/- but the expenditure on this account will be recovered in about 11 months by the monthly saving in salaries which will be effected by the reduction in the staff above mentioned.

5. I enclose statements showing the grades of the 7 Inspectors whom I have decided to dispense with, and of the staff of the District offices as proposed to be constituted from 1st January 1876. As these men have been served with a month's notice, and will leave the service on 31st December 1875, I shall be glad if you will obtain sanction for the immediate disbursement of the gratuities so that the men can be paid off in full early next month. The applications in prescribed form are herewith forwarded.

6. In fixing the length of the revised sections, your request that Inspectors should reside, wherever practicable, at large stations where there are schools, was duly considered.

Sh
y
no

It has not however been possible to do this in all cases as the existing bungalow accommodation at out-stations has to be utilized, and moreover, it is not considered advisable to leave certain long lengths of line unprotected by allowing the Inspector to have his head quarters at one end of the section.

Yours faithfully
 J. Henry C. West
 Chief Engineer
