Note to follow the Estimate of English outlay on Stores 1896-97

The Budget provided £s 63500 for payment of Stores to be purchased in England. This amount was subsequently increased by £ 14323 (vide Madras G.O. No 491 R dated 4.6.96) which was proposed to be met by savings in Indian Cash outlay. In the six Months Estimate this provision was reduced to £ 69.617. The total English Grant for the year is now reduced from £s 77823 to £s 55.500. From the amount thus released viz £s 22323, £s 8206 will be required to meet Indian liabilities, vide Note on the six Month's Estimate, and the sanction of the Local Government may, it is requested, be obtained to this transfer. The balance £s 14117 as per Statement herewith submitted may be surrendered.

Joint report by the Consulting Engineer for Railways and the Examiner, Railway Accounts, Madras, on the English Outlay on stores during 1896-97.

SERIAL
No. 8

1. Provision was made in the budget for withdrawals by the Board for the purchase of stores to the extent of £63500 or Rs 6,35,000 - at par, and Rs 473,364 were set apart to meet exchange on the above.

2. This provision would it was thought be insufficient, as a large indent was sent forward for 50 lbs permanent way rails and tie-bars, and under the sanction of the Local Government a transfer of Rs 250,000 (£14,323 at par Rs 143,230 - Exchange Rs 106,770) was made in June last from the allotment for stores purchases in India to meet the deficit.

3. The existing grant therefore now stands as under:—

	At par Rs	Exchange Rs	Total Rs
£77,823	778,230	580,134	13,58,364

4. The six months estimate was prepared for:—

	at par Rs	Exchange Rs	Total Rs
£69617	696,170	519,067	12,15,237

and

and the outlay as now estimated is as under:—

	English cost	Par Value	Exchange	Total.
	£	Rs	Rs	Rs
Existing grant for expenditure on English stores	77823	778230	580134	1358364

5. Of the excess of Rs 399355 a sum of Rs 143355 is required to meet short recoveries from Revenue in consequence of rails and tie bars not being received in time for issue during the current year, and also to cover reduced sales of stores.

6. The Agent proposes that Rs 256,000 should be withdrawn from the grant for the railway, and we approve of the surrender.

7. A slightly larger surrender may be made if a more favorable rate of exchange than 13·75 d per rupee be adopted for January to March 1897.

8. Indent No. $\frac{48}{2}$ for Points & Crossings has not as yet been submitted by the Agent to the Consulting Engineer for Railways.

Calcutta, the 17th December, 1896.

Sir,

I am directed to acknowledge the receipt of your telegram No. P. 358 dated 8th December 1896, and of the joint report on the probable lapse on the Capital grant of the South Indian Railway forwarded with your letter No. 1026 R of the same date.

2. In para: 7 of the joint report it is suggested that a slightly larger surrender than Rs. 256,000 may be made if a more favourable rate of exchange than 13·75 d per rupee be adopted for the transactions from January to March 1897, and I am to say that as the rate, of exchange applicable to this period is likely to be very much higher than 13·75d

per rupee the Government of India have withdrawn a sum of Rs 300,000 from the Capital grant of the South Indian Railway for the current official year.

3. With this reduction the grant for the Railway for 1896-97 will stand as under.

	Rs

	Rs 200,000
