The mileage rates given for the above are in excess of the sanctioned maximum rate for special class and it was explained at the meeting that if the terminals be excluded the rate would be within the sanctioned scale. The terminals should, however, be shewn separately and the actual mileage rate quoted. With regard to the other items in which rates are quoted inclusive of terminal

it is necessary that the actual mileage rates should be shown so that these may be checked with the sanctioned maxima and minima rates any special reduction of the ordinary terminals being separately shown.
