The Consulting Engineer for Railways.

Madras.

SIR,

I have the honour to forward herewith an Estimate, with plan N^o 3612, for alterations and additions to station house at Podanur and to request that the sanction of Government may be conveyed to me for the required outlay, Rs. 16,666, chargeable in the proportion of Rs. 16,563 to Capital and Rs. 103/- to Revenue.

2. The necessity for a more commodious Third Class waiting room has long been felt and it is proposed to place the new room at the east end of the platform and to take advantage of the change to provide in the old building for a second class refreshment room, as difficulties have arisen with soldiers passing through the station having

no special room to go to. The numbers of passengers dealt with at Podanur during the last 7 years are as follows :-

1888	222,025
1889	226,837
1890	218,903
1891	213,624
1892	264,536
1893	273,870
1894	284,816

3. The matter was discussed at a meeting of Officers held in my office on the 8th August 1895 and was approved.

4. Information as to provision in the Budget and date on which sanction will lapse is given on the Estimate.

I have the honour to be,
Sir,
Your most obedient servant,

Wm S M D
Agent & Manager.

EXAMINER'S REPORT.

The estimate is correct as to allocation and requires the sanction of the Local Government.

Funds are available from the grant for unsanctioned works, Schedule B of Budget 1895-96.

The necessity for the retention of the 3rd class shed at Padmanabam and the consequent separate provision for a 2nd class refreshment room is recognized & approved - the estimate is sanctioned subject to the sanctioning the provisions of the same.

This was probably determined on inspection. I think this is necessary work. The 3rd class building is in a bad state of repair - it is a very old building and is in a very bad state of repair.
