Read the following paper :—

From the Agent and Manager, Madras Railway, to the Consulting Engineer for Railways, dated Madras, 17th April 1895, No. E. 431/366.

With reference to schedule J of the minutes of the official meeting and stores committee held on 10th December last, I have the honour to forward herewith an estimate with plan No. 3427 for the proposed through siding at Washermanpet and to request that the sanction of Government may be conveyed to me for the required outlay Rs. 11,091, chargeable in the proportion of Rs. 11,070 to Capital and Rs. 21 to Revenue.

2. The siding is wanted as it is found delay occurs in working branch trains to connect with main line trains owing to the numerous light engines that have to pass over the section.

3. The matter received my support at the official meeting referred to above.

4. Information as to provision in the budget and date on which sanction will lapse is given on the estimate.

ORDER—dated 6th May 1895, No. 331 R., Public Works.

Sanctioned.

2. This sanction has been registered as No. 2 R. of 1895-96.

SIR,

1/12 95 2/10. I have the honor to forward
herewith in triplicate a plan and schedule
of extra land required at Washermanpet
station in connection with the through
siding which will ultimately form the
third line. This siding was sanctioned
in G.O. No. 331 R dated the 6th May 1895.
The land is required to make up the line
to the full width. I shall be obliged
if you will kindly arrange for early
transfer of the same to the Company.

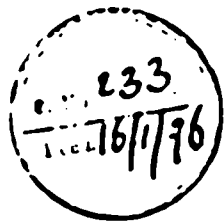

Inspector J. E. Tapscott will
be deputed to take over charge of the land.

Please return the office of the
plan and schedule duly countersigned

The Agent and Manager
Dear Sir,

Land at Washermanpet.

In reply to your endorsement N^o 8431 of 21st Instant, giving answer to the Consulting Engineer's enquiry regarding the purposes for which Plots N^{os} 1 and 2 were being applied for, I desire to explain that the additional line between Rayapuram and Washermanpet from $\frac{1}{2}$ to $\frac{1}{12}$ miles will be in cutting and therefore additional land to the extent indicated in my plot N^o 1 will be necessary in order that Standard Dimensions may be complied with.

Plot N^o 2 is being acquired on the most suitable site for a Station Master's house which will shortly be required at this station, any available portions of the present station compound being low-lying and quite unsuitable for staff Quarters.

Yours faithfully
Sd/ Henry C. West
