No. 1999 R., dated 15th August 1892).

To the Government of India, Public Works Department, dated 21st October 1895, No. 696 R.

From the Officiating Under Secretary to the Government of India, Public Works Department (Account—Railway), to the Joint Secretary to the Government of Madras, Public Works Department, Railway Branch, dated Calcutta, 14th December 1895, No. 553 A.R.

With reference to your letter No. 696 R., dated 21st October 1895, I am directed to state that the Government of India are pleased to authorize the issue of credits in excess of subscribed capital to the Madras Railway Company for capital outlay in this country to the extent provided for in the budget estimate. Interest on these overdrafts should be calculated at the rate of $4\frac{1}{2}$ per cent. per annum in the manner laid down in Public Works Department No. 390 A.R., dated 1st August 1891.

2. With reference to the statement that accompanied your letter under reply, I am to point out that the net amount withdrawn by the Company for expenditure in England in July 1895, was £10,066-0-10 as shown in the statement of issues by the Secretary of State for that month, and not £13,254-12-6 as entered in the statement prepared by the Government Examiner.

From Major E. A. Waller R.E.,

To

The Joint Secretary to Government,
Public Works Department,
Railway Branch,
Madras.

Sir,

With reference to paragraph 2 of the Government of India letter N^o 553 A.R., dated 14th instant, communicated with Madras G.O. N^o 882^R dated 20th instant, I have the honor to state that the net withdrawals in England in July 1895, as obtained from the classification of issues statements furnished by the India office, amount to £ 13,254-12-6, as entered by this office in the statement of interest on overdrawn capital:- thus

(i) Gross withdrawals for stores etc for the Madras Railway	£ 10,066 - 0 - 10
Less (ii) Receipts on account of capital not bearing interest	24 - 12 - 0
Net	10,041 - 8 - 10
(iii) Withdrawals for stores for the Madras. Eumore Railway	3,213 - 3 - 8
	13,254 - 12 - 6

2. Items (ii) and (iii) have apparently been omitted by the Government of India in arriving at the withdrawals of the month.

3. Item (ii) being an increase to the Company's capital, reduces the balance on which interest is chargeable, and is therefore taken in reduction of the gross withdrawals.

Item (iii) represents payments made by the Board for the Madras - Ennore Railway; such outlay affects the capital of the Company as much as payments for the Madras Railway itself, since it is included in the Madras Railway accounts as a debit to "Stores" by credit to the "London office store account," the former head receiving credit on issues to the Madras - Ennore Railway.

4. If the withdrawal were omitted, it would be necessary to also omit the corresponding credit realized in India.

5. This may be pointed out to the Government of India.

SIR,

With reference to para 2 of your letter No. 553 AR dt 14. Dec 1895, I am directed to state that the En Ry Accts. Madras, reports that the net withdrawals in England in July 1895, as obtained from the Classification of issues statements received from the Secy of State amount to £ 13,254.12.6 as entered in the statement furnished with letter No. 696 R, dated 21st Oct 1895 thus:-

To

Calcutta, the 8th February 1896.

Sir,

With reference to your letter No. 35R. of the 11th January 1896, I am directed to observe that the withdrawals from the London Treasury for stores for the Madras-Ennure Section havenot been treated by the India Office as payments against the Capital account of the Madras Railway, and it is therefore not correct to pass the transactions through the Capital account of that Railway.

2. The payments have been shown in the India Office accounts as final charges under the head "Expenditure not charged to Revenue" and it will be necessary therefore to afford credit in the separate State Railway accounts prepared for the Madras-Ennure Section through the head "Debits to the Indian books by credits to Expenditure in England". It is requested that instructions may be issued for the re-adjustment of the transactions in this manner.

3. The payments in England during the current official year are estimated at £8,000/- and in order to provide for them the Government of India hereby transfer a sum of Rs. 60,000/- from the Indian to the English grant of the Madras-Ennure Section.

4. With this reduction the grant for outlay in India
including

including Exchange during 1895-96 will stand at Rs. 3,70,000/-
